FOR THE UPBUILDING OF CAMERON AND MILAM COUNTY.

VOLUME 42

CAMERON, MILAM COUNTY, TEXAS, THURSDAY, OCTOBER 2, 1919.

NUMBER 22

COMMERCIAL CLUB HAS BIG MEETING

Semi-Annual Election of Officers and
Directors Proves Successful
Affair.

The Semi-Annual meeting of the Cameron Commercial Club was held Friday night Sept. 26, 1919, a roll call showed the following present:

Officers: Robt. McLane, president; C. W. Lawrence, vice-president; Geo. T. Graves, treasurer; T. N. Herring, secretary.

Directors: W. W. Chambers, J. W. Coleman, W. G. Gillis, J. T. Parma, R. H. McIntosh, J. D. Dobbins, Giles Avriett, T. S. Henderson, John E. Mangum, E. A. Flinn, H. M. Hefley.

Committee chairmen: T. F. Hardy, J. Garrison, Monta Thomas, T. B. Wooten, W. M. Cobb, Frank Lesovsky, O. M. Smith,

Minutes of previous meetings were read and adopted.

Semi-Annual Reports from officers and Committee Chairmen were called for and the following responded: The Treasurer, Secretary, Committee Chairmen, T. F. Hardy, Finance, Geo. T. Graves, Good Roads; Frank Lesovsky, Home Industry and Factory; W. M. Cobb, Publicity.

After the reading of the reports a motion was made by W. W. Chambers and carried to adopt same as read.

The names of Newton McDonald, Jim Baskin and S. A. Cottle were proposed for membership and upon motion duly elected.

An account against the club for \$60 in payment of banquet at Auditorium Hotel was allowed and ordered paid.

Under head of new business W. G. Gillis explained that Mr. Jho. L. Spurlin of the Waco Cotton Palace desired that the club get behind a project to carry 250 Cameron people to exposition on October 31st, which has been designated as Cameron day, explaining that a special train would be operated and the fare for the round trip would be one and one half fare.

T. S. Henderson carried a motion that the club express its appreciation to the Cotton Palace officials and that Cameron be on hand that day 250 strong.

The next in order was the election of officers and a board of directors. In an eloquent speech U. S. Hearrell placed in nomination Mr. Robert McLane, who has been in this office since organization 18 months ago. Mr. Hearrell related that the true spirit in which Mr. McLane had served the club; the unselfish way in which he had acted in all matters, fitted him for the place better than anybody else. W. W. Chambers carried a motion that the nominations be closed and that the nominee be elected by acclamation. The vote, which was rising, was unanimous to a man.

Upon nomination by T. S. Henderson, Mr. W. W. Chambers was honored with the office of Vice-President, and his election was in the same manner as the president.

L. T. Lewis was elected Treasurer for the ensuing six months, the nomination being made by J. W. Coleman. Next in order was the election of a board of directors. The usual custom of nominating 25 or more, placing their names on a black board and each member voting for 12, was followed. There were 34 placed in nomination and after the vote was counted the following were announced elected. John E. Mangum, J. W. Coleman, Geo. T. Graves, R. H. McIntosh, H. M. Hefley, T. S. Henderson, W. G. Gillis, J. D. Dobbins, Monta Thomas, Frank Lesovsky, C. W. Lawrence, J. T. Parma.

During the process of vote counting the program of speech-making which had been announced was carried out.

W. W. Chambers delivered a masterful address on "What the Commercial Club has done," and his speech rang with enthusiasm and cheers greeted him all the way through. Mr. Chambers is a wide-awake member of the club, he is ready to fight for Cameron and is always found driving the band wagon that carries the boosters.

"Future of the Commercial Club" by Judge W. G. Gillis was handled in his usual pleasing manner. He gave an outline of many things Cam-

(Continued on page 6)

MASS MEETING HELD LAST SATURDAY

Plans Outlined To Clean Up Cameron
—You Must Do Your Duty
In This Work.

In response to a call from Mayor John B. McLane and City Health Officer, Dr. J. G. Townsend, a mass meeting of the citizens of Cameron was held in the District Court room last Tuesday afternoon at 4 o'clock for the purpose of outlining a campaign for the protection of public health, as suggested by State Health Officer, Dr. C. W. Goddard.

Dr. Goddard has sent out repeated warnings that we may expect another epidemic of influenza this fall and winter and any preventative measures that can be taken to ward off this dreaded disease should command the attention of everyone.

A number of representative citizens assembled at the appointed hour; much interest was manifested and the "CAMERON CLEAN-UP CAMPAIGN" was launched.

Dr. J. G. Townsend was selected as superintendent of public health and Dr. John Denson, secretary with authority to outline a definite plan of work, appoint any committees necessary to carry out these plans and to begin work at once.

Friday October 3rd, was designated "CLEAN-UP DAY" in Cameron. All citizens are urged to lend every assistance in their power to carry out the plans of the Health Board.

The trash wagon will be started on that day and will be at the service of the citizens as long as there is any demand for it. Superintendent L. H. Kidd of our city schools, suggested that the interest and help of the school children be enlisted and that prizes be offered for the largest piles of trash collected by them.

Let every man woman and child get interested in this important matter at once. Self-protection demands it, if nothing else, and an ounce of prevention is worth a pound of cure.

Hearty co-operation is the only thing that will make this campaign a complete success. Don't be humiliated after it is over, by having to face the fact that you failed to do your part.

LEWIS S. PIERCE OPENING NEW STORE

As was announced last week in the Herald, The Lewis S. Pierce Dry Goods Store is this week being made ready for the opening on Saturday October 3rd. Mr. Pierce has been in Cameron since Monday getting things in shape. The new store will be located in the Horstmann building where F. J. Beckerman has conducted a harness shop for several years. The opening announcement and an outline of what the new firm will carry will be found on page 12 of the Herald this week.

Miss Emma Brewer who will have charge of the Ladies ready-to-wear arrived Wednesday and has been busily engaged since that time. A. F. Braum the manager of this store will arrive the latter part of the week. Mr. Pierce was quite fortunate in procuring the services of some of Cameron's most experienced salesladies. Mrs. Jim Hooks will have charge of the piece goods and novelty department while Miss Mamie Posey will assist Miss Brewer in the Ladies Ready-to-Wear. The shoppers of Cameron and Milam county are well acquainted with these ladies. Frank Henderson has accepted a position with this firm in the men's department and has already entered upon his duties.

COUNTY W. O. W. MEETING AT CAMERON OCT. 24TH

O. D. Baker will address a meeting of Milam county Woodmen at District Court room, Cameron, Friday, October 24th, at 8:00 p. m., in explanation of the new rates adopted by the Chicago session of the Sovereign Camp. Every W. O. W. Camp in the county should send delegates to this meeting and all officers are especially invited to be present and hear this explanation.

All Camps in the county have been notified of the meeting and a large attendance is expected.

TO THE CITIZENS OF CAMERON

To be able to withstand the bombardments of any disease, we must keep our bodies well fortified with the powers of resistance and vitality; then we would suggest, as a basis for good health, a first-class sanitary condition.

Next Friday, October 3rd, 1919, has been fixed as CLEAN-UP DAY in Cameron. We are calling upon every one in Cameron to do what you know to be your duty to yourself, and the people of Cameron on that day. Do not let the work lag, but get busy on that day—make your beginning and never let up on your job until it is finished. We expect you to not only clean up your own premises, but also your places of business and those vacant lots owned or controlled by you. The town has been divided into five sections, and each section will have its supervisor and committed who will look after the sanitary condition of that section and make reports to the Superintendent and Secretary of your Board of Health. Put your trash or garbage in the alleys and streets where it can be gathered up by the garbage wagon. A wagon, team and man has been secured to do your hauling of garbage. We do not dictate to you the means you shall use in doing your part of the "Cleaning up", but we do say to all those who have not cleaned up, that you MUST do it and do it at once. Some of us have and are still doing it, and the balance of us MUST do it. There is a penalty for violating the sanitary law and we warn you now, that all willful violators of this law in Cameron will be dealt with as the law prescribes.

BOARD OF HEALTH,

DR. J. G. TOWNSEN, Superintendent,
DR. JOHN DENSON, Secretary.

List of supervisors and district assigned to each. Co-operate with these gentlemen and do not hesitate to phone them and assist them every way possible.

District No. 1. Monta Thomas. All that section East of Maysfield road.

District No. 2. Giles Avriett. All that section North of 13th Street, West of Maysfield road and East of San Antonio & Aransas Pass Ry. Co.

District No. 3. T. N. Herring. All that section between 13th Street, Santa Fe R. Co., Maysfield road and S. A. & A. P. Ry. Co.

District No. 4. George Graves. All that section South of Santa Fe Railway Company.

District No. 5. John Mangum. All that section West of S. A. & A. P. Railway Company.

BAPTIST CAMPAIGN IS ENCOURAGING

County Chairman B. B. Blaylock
Reports Good Progress From
Every Direction.

Encouraging word comes from every direction that the Baptist 75 Million Campaign is meeting with hearty response. An unnamed Texas layman has given out the good word that he will give the profits from his large business for the next five years to this campaign. His business is capitalized at \$5,000,000.00, and his income last year was more than \$1,000,000.00. This man is not a Baptist but he believes in this great Baptist enterprise! Should this fine example not stir the hearts of our own people to a loyal example?

From another portion of the state comes the word that a brother, not a wealthy man, has given \$25,000.00 to the campaign. Still there are others who are considering the matter of making large donations.

A small country church, Button Prairie, accepts her quota and enters upon the work of raising it. Mt. Zion church, another small country church, says they can raise their quota, and even says they can do better than they have been asked. This church is pastorless. Burlington church accepts their quota and sends in a list of all their committees. Thus the good work is going on. The important thing for the campaign now is that the Booster Committees shall keep the matter before their churches constantly. Literature will be sent to them and it should be distributed among the membership.

The church organizers and booster committees and Campaign teams are urged to attend the meeting of the Association which convenes at Cameron October 8th. Be here especially on Thursday, the day that the Baptist 75 Million Campaign will be discussed.

B. B. BLAYLOCK,
Publicity Director.

Mrs. Harry Rogers, Sr., spent a few hours very pleasantly in the city last week with Mrs. Jeff Avera, being en route from Rosebud to her home in Rogers.

COMPTROLLER H. B. TERRELL RESIGNS

Salary Not Sufficient to Meet Living
Expenses—L. W. Tittle Ap-
pointed.

Austin Texas, Oct. 1.—The resignation of Texas Comptroller H. B. Terrell, was announced late today by the governor. Mr. Terrell, who was serving his third term, said he resigned because the salary of the office, \$2,500 a year, will not meet his living expenses. L. W. Tittle, chief clerk, was appointed his successor by the governor.

BUYS INTEREST IN AUDITORIUM HOTEL

S. A. Cottle has closed a deal with J. S. Doane whereby he acquires an interest in the Auditorium Hotel of this city. Cottle is well known in Cameron, having left here about two years ago for Brenham where he stayed a few weeks before volunteering his services to help win the war. He spent about 15 months in overseas service and after the armistice was signed received his discharge and returned to Bryan where he managed the Hotel. Bryan for Mr. Doane until last week he came to Cameron. Mr. Cottle will have the management of the Auditorium and with his wife will be citizens of Cameron. A large circle of friends are glad to welcome them back. They are good people and Cottle is the kind of man any town needs that is trying to grow, he is a good booster.

Grady Houston, who has been manager of the Auditorium has accepted a position with the Palace of Sweets and entered upon his duties there. He will handle his newspapers from this place and invites his friends to call there to see him.

OLD TIMER HERE.

A. D. Rogers, an old-time citizen of Cameron was in the city Wednesday greeting old friends. Mr. Rogers lived in Cameron many years ago and was undertaker for the J. D. Hefley Furniture Company. Mr. Rogers, while getting along in years, looks very young, he is now traveling for a house out of Chicago selling furniture. He will be remembered by many old residents.

ANNUAL CORN SHOW HELD SATURDAY

Prizes Awarded To Boys Who Pro-
duced Best Corn. Address
By T. S. Henderson.

County Agent George Banzaf held the annual corn show for Milam county in Cameron last Saturday. There were more than 50 boys entered and enthusiasm showed that the County Agent's work during the year had not been in vain. The show was held in the old Dobbins Feed store and was a creditable display. The young fellows who brought in the prize ears were on the job and eager to learn who were the winners.

At 2 p. m. the judges, E. A. Flinn of Cameron, Ed Frazier of Ben Arnold and V. L. White of Maysfield, began the task of finding the best assortment and by 3 o'clock were ready to announce the prize winners.

Before the prizes were awarded Mr. Banzaf assembled the boys in the center of the building and made a short address. Hon. T. S. Henderson was the principle speaker for this occasion and gave the boys a most instructive talk. He urged the members to stay another year, and told those who were not awarded prizes not to be discouraged but to "give the other fellow a run for his money." Mr. Henderson called for those who were going to quit to hold up their hands and not a single one expressed a desire to drop out. A feature of the address by Mr. Henderson was telling the boys the way he used to raise corn in olden days and compared same to the modern way of farming.

After Mr. Henderson's talk the following prizes were awarded:

White Corn
First Prize—Joe Kostrum, Cameron, \$10.00.
Second Prize—Wallace Moody, Jr., Minerva, \$8.00.
Third Prize—Wildon Black, Cameron, Route 2, \$7.00.
Fourth Prize—Elbert Henry, Minerva, \$6.00.
Fifth Prize—Wildon Caldwell, Rockdale, Route 3, \$5.00.
Sixth Prize—Allen Dodson, Burlington, \$4.00.
Seventh Prize—Preston Johnson, Cameron, Route 2, \$3.00.
Eighth Prize—George Ryan, Rockdale, Route 4, \$2.00.
Ninth Prize—Henry Schwartzing, Rosebud, Route 3, \$2.00.
Tenth Prize—Eugene Barmore, Cameron, Route 2, \$1.00.

Yellow Corn
First Prize—Joe Henry, Minerva, \$10.00.
Second Prize—J. T. Howard, Cameron, Route 3, \$8.00.
Third Prize—Finis Middleton, San Gabriel, \$7.00.
Fourth Prize—Scott McGuire, Maysfield, \$6.00.
Fifth Prize—Charles Hollan, Cameron, Route 3, \$5.00.
Sixth Prize—Jennings Arnold, Buckholts, \$4.00.
Seventh Prize—Curtis Fisher, Milam, Route 1, \$3.00.
Eighth Prize—O. J. Cunningham, Rockdale, Route 3, \$2.00.
Ninth Prize—Noble Curry—Rockdale, Route 3, \$2.00.
Tenth Prize—Walter Harris, Cameron, \$1.00.
Special Prize—Lebertice Robinson, Cameron, Route 4, \$5.00.

Following is a complete list of entries made by the club members who entered the show:

White Corn
Joe Kostrum, Cameron; Wildon Caldwell, Rockdale, Route 3; Elbert Henry, Minerva; Orbie Curry, Rockdale, Route 3; Otis Barrey, Rockdale, Route 3; Allen Dodson, Burlington; Henry Schwartzing, Rosebud, Route 3; Frank Storey, Cameron, Route 1; Frank Bandy, Rockdale, Route 3; Wallace Moody, Minerva; Preston Johnson, Cameron, Route 2; Eugene Barmore, Cameron, Star Route; George Ryan, Rockdale, Route 4; Qabertis Robinson, Cameron, Route 4; Wildon Black, Cameron, Route 4; Carl Bauch, Buckholts.

Yellow Corn
Noble Curry, Rockdale, Route 3; Joe Henry, Minerva; Norman Curry, Rockdale, Route 3; Cartie Lanham, Minerva; Carl Sanders, Rockdale, Route 3; Luther Pickens, Rockdale,

COTTON CLASSER OUTLINES STAPLE

J. B. Simpson In Charge of Govern-
ment Station Urges Farmers to
Plant Long Staple.

United States Bureau of Markets in co-operation with the Extension Service of A. & M. College of Texas, J. B. Simpson, cotton classer in charge, says:

Producers of cotton have claimed for years that certain markets have discriminated against their product and that frequently within the same market intrinsic worth was disregarded and cotton was purchased on averages. All grades and staples bringing the same price.

That such a system worked to the detriment of the farmer who exercises care in producing a better staple and harvesting his crops is generally admitted.

To the question of staple, little thought has been given by producers in short staple sections, only the most progressive considering it of enough importance for them to devote time to the matter of general cultural improvements.

Producers in some localities who a few years ago knew nothing of staple cotton are now devoting time and money to the development of a staple that is specially adapted to their particular locality. In this study attention was given to staple length to ascertain whether it was a factor in determining the price paid the producer for his product.

A careful study of prices paid for cotton of 3-4 inch staple was as high as that secured by the producer of 1-1-6 and 1-1-8 inch staple cotton, while the latter is worth 4½ and 8 cents per pound more or \$22.50 and \$40.00 more per bale.

The farmer should be convinced of the importance of producing good staple and of the care in picking and ginning it. Proper storage after ginning would result in tremendous saving, as country damage assumes huge proportions.

Great economy may be effected through the co-operation of farmers in each community for the proper handling and marketing of cotton. Organizing on a community basis will permit the development and maintenance of a pure variety of cotton of a given length of staple.

When the cotton is ready for marketing, better prices can be secured by assembling it at a central point, having it properly classed, and offering it for sale in even running lots of grade and staple.

Varieties that produce a better staple should be grown by farmers such as Lone Star, Bennett Big Boll and Rowden which produce in normal years 1-1-8 inch staple and dry years 1-1-4 inch.

A disinterested classing service serves the interest of both the producer and cotton buyer. This tends to reduce some of the friction that under present conditions is constantly developing between buyer and seller.

The grading service enables the farmer to know the value of his grade and staple and co-operative selling enables him to realize that value in dollars and cents.

The local cotton buyers in Cameron will pay premiums on staple cotton in lots of ten bales or more.

Mrs. James Watson is back from a visit to her mother in Mooreville.

White Corn
Route 3; O. J. Cunningham, Rockdale, Route 3; Frank Richard, Buckholts, Route 2; Ray W. White, Gause; Walter Harris, Cameron; Will Harris, Cameron; Jennings Arnold, Buckholts; J. T. Howard, Cameron, Route 3; Alfred Sanders, Milam, Route 1; Scott McGuire, Maysfield; Lemis Hollan, Cameron, Route 3; Charles Fisher, Cameron, Route 3; Ray Barmore, Cameron, Star Route; Jack Wilson, San Gabriel; Finis Middleton, San Gabriel; Joe Griffin, Cameron; H. B. Alexander, Milam, Route 1; Curtis Britton, Rockdale, Route 4; William Hess, Milam, Route 1; Curtis Fisher, Milam, Route 1; Alex Black, Gause, Route 2; Walter Hess, Milam, Route 1; George Wm. SERVICE

AN OLD WORD WITH A NEW MEANING

Modern, Up-to-Date Store Service means more than simply the selling of goods; it stands for increased Efficiency; it is the Acme of Value-Giving and assures Satisfaction with every purchase.

SERVICE—in its fullest meaning—is a fixed part of our store covenant.

MILAM COUNTY HARDWARE CO.

Cameron, Texas
Successors to
TYSON-FREEMAN-HOLTZCLAW CO.

SAN GABRIEL NEWS

(Too late for last issue.)
Our world is chilled at present from the "norther" that blew up Monday morning. Also a heavy rain fell here Sunday night and Monday morning, delaying cotton picking for several days. Fields in this vicinity are heavily weighted with the fleecy staple, which is a snow-bank to behold and the problem of help for gathering is a serious one.

Seventy-three bales of cotton were ginned in San Gabriel Friday and fifteen left in the yards unginned.

Messrs. Gus Newton and John Davis were over from Thorndale Wednesday. Mr. John James returned Wednesday from Houston.

J. D. Griffith was in Thorndale Thursday.

Mrs. Edna Felton and daughter, with Mrs. Hope Camp, were visitors in Bartlett Thursday.

Mr. Walter Clark received a stroke of paralysis one day last week from which he is yet quite sick.

Children of Mr. and Mrs. Warner Terry have been ill the past week.

Relatives and friends here are glad to welcome Clarence Baird from Corpus Christi, where he went prior to the storm in that city. Some uneasiness was felt as to his safety for several days as nothing could be learned concerning him. He returned home Tuesday.

Friends here of Mr. Hugh Stockton and family of Bartlett join in sympathy with his niece, Mrs. Edna Felton of our community, over the loss of the family in storm at Corpus Christi last week.

Odd Fellows and Rebeccas of San Gabriel Lodge enjoyed the treat of ice cream supper tendered by the Rebeccas here last Thursday evening.

Andrew Baird made the purchase of a handsome new Oldsmobile last Friday.

Dr. Leslie Richardson spent last week-end in Hearne.

Murrell Camp returned from a few days visit near Palestine Sunday.

San Gabriel home talent staged a play at our school auditorium Friday evening. A large crowd gathered to witness and enjoy what we pronounce a real good play and that each character acted his or her part perfectly.

J. P. Reeves is listed with the sick at present writing.

Gottlieb Yeager spent first of this week in Yoakum.

Mr. and Mrs. Jim Davis were shopping in Thorndale Thursday.

Mr. and Mrs. Smith, Misses Hellen Newton, Ivy Pettit and Norine Cowler and Messrs. Jack Cowen and Joe Norris, and Mr. and Mrs. Bertrand Camp of Thorndale, attended the play here Friday night.

Miss Anna Mae Camp spent Saturday in Rockdale.

Walter Felton has been on our sick list for several days.

On last Wednesday, 6th, the sad message was spread to the village and community that Mrs. Billie Barclay was dead. We have expected this message for a long time, to be announced at any hour but as it is of any friend, it still gives a shock, as a fact. She has been in failing health for several years and confined indoor, often to bed, for the past six or eight months. But when the journal of life closes with its leaves well writ and looking back over its record and no fault to be found, death is not a tragedy. Mrs. Barclay's life ended thusly and fifty-two years of her life had been spent in service for her Master. She was a good neighbor, true friend and a loving kind mother. Heaven is richer by her having gone there and it was to such as she that Jesus said: "I go to prepare a place for you." Funeral services were conducted by Rev. Roberts of Cameron at the Christian church. With tender hands we laid her gently to rest in Locklin cemetery on Thursday afternoon, under a mound of beautiful flowers. To her four children who mourn her loss we extend our greatest sympathy.

San Gabriel staged the play that was rendered here Friday night in Thrall Saturday night. Proceeds of both evenings is to be used for school purposes.

Rev. Roberts of Cameron was in our village Thursday.

Leonard Locklin has been listed with the sick.

Mrs. Lon Wright and children of Taylor attended the funeral of her mother, Mrs. Barclay, here last Thursday.

Ira V. Moody returned Sunday from a week's visit to relatives in Palestine.

Miss Isabelle Camp left Sunday for school in State University.

H. H. Camp and daughter, Lois, Gottlieb Yeager, Clarence Kirkman, Maurice Reeves, were in Thorndale Sunday.

John Moody and Felton Camp motored to Lexington Saturday.

Mrs. Edgar Williams returned one

HOUSTON, THE PREMIER COTTON MARKET

(Houston Post)

Houston has been showing the other cotton markets of the country a few things during the last week. After comparing the business of Houston with that of other big markets, Houston's claim to being the greatest cotton market of the South rests unchallenged.

The cotton interests of Houston were never so extensive, so strong or so aggressive as now. The development of the channel has attracted many strong new firms to the city and has stimulated old firms to enlarged activity. Millions in new capital have been invested in facilities here by cotton firms as the work on the channel has proceeded, and it is fitting that the opening of the Port of Houston as a cotton exporting port should find Houston at the pinnacle of its development as a cotton market.

With sales of cotton outnumbering those of all competitors, with ships carrying cotton direct from the port to Europe, with seats on the Cotton Exchange selling at new high records, and with facilities, both physical and financial, unexcelled for handling cot-

ton, cotton is king at Houston and Houston easily ranks as the premier cotton market of the South.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quarter pint of skin and complexion lotion about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

day last week from an extended visit to relatives in Clarksville.

Mr. and Mrs. Ewing Cummings attended the ice cream supper at Lilac last Saturday evening.

Dick Dunham has arrived safely in San Gabriel from Germany. He brought home five citations for bravery while over there.

Brian Woody, one of the home boys, who has been working in Temple, has been moved to a larger field of work and will now be found in Waco.

PAPER FROM COTTON HULLS

As a result of experiments conducted by the Forest Products Laboratory of United States Department of Agriculture, a good grade of paper is being produced in commercial quantities from cotton-hull fiber. Pulp made from second-cut cotton linters and hull fiber, the forest specialists say, is well suited for the manufacture of book, writing, printing, blotting, cover, and other high grades of paper, and is equal in quality to the highest grades of paper stock.

COTTON PALACE WILL OPEN OCTOBER 25TH.

With a premium list larger than ever before, an amusement program unparalleled by previous expositions, and specialized departments more complete in every respect, the doors of the 1919 Texas Cotton Palace Exposition will swing wide to Central, East and West Texans Oct. 25, continuing until Nov. 9.

Directors of Waco's Cotton Palace this year have carried the gospel of the great Central Texas exposition to every section of the state. Bountiful crops and a growing spirit of prosperity in every section has given this Cotton Palace message a hearty response, with the result that more communities, more cities and towns throughout the state will be represented at this year's exposition than ever before.

Cotton Palace managers are making much this season of the community spirit. As a consequence exhibits from various parts of the state have bulged the exposition buildings. Agriculture, industry, business in gen-

eral, to say nothing of oil, will have their share. The exposition this year boasts a gigantic coliseum, erection of which followed destruction by fire of the former structure, reputed to be one of the best in the South.

The amusement program is both varied and excellent. Featuring it will be the world famous Isadora Duncan dancers, with George Copeland, pianist. Marie Rappold, American prima donna soprano of the Metropolitan Opera Company, and Arthur Middleton, bass baritone of the same organization, feature the music program of the exposition. Automobile races, football games and hoppydrome sports round out the elaborate program.

Entries at the rate of five a day are already being received for the Cotton Palace's better baby conference which continues throughout the first week of the exposition. A full schedule of special days has been arranged likewise, including Women's Day, Press Day, and so forth. Season tickets for the exposition have already been placed on sale.

GOOD LUCK BAKING POWDER IS BOUGHT REGULARLY IN SOLID CARLOADS BY ROBT. McLANE GROCERY CO.

The above big solid car load of GOOD LUCK Baking Powder, containing 34,290 pounds, has recently been bought and received by the large Wholesale Grocery House, Robert McLane Company.

This wholesale grocery house believes in buying in a big way, getting in on rock-bottom basis and being in position to fill their orders promptly and in the manner most advantageous to their customers. When they buy GOOD LUCK Baking Powder in solid carloads, the goods are packed into a rain-proof car at the Factory door by careful employees and are not touched again until they reach the warehouse of Robert McLane Company. Hence they are always in position to ship their customers goods in perfect condition.

As to GOOD LUCK, it comes easy to them to buy in solid car loads, because the demand for GOOD LUCK is so heavy it requires only a short time to sell a carload. GOOD LUCK has been bought in solid carloads by jobbers for over twenty-five years and each year the demand for it grows greater and greater and the carloads more numerous. It is manufactured

in Richmond in two factories, filled with up-to-date automatic machinery for making a perfect Baking Powder in the most satisfactory and economical manner—machines for making the cans, for automatically weighing the powder accurately, depositing it into the cans, putting the tops on the cans airtight, and machines that put the labels and wrappers on the cans so fast that human eye cannot follow the operation.

The GOOD LUCK factories are served by four private railway sidings, affording facilities for loading twenty carloads per day—the largest Baking Powder plant and facilities in the country.

GOOD LUCK Baking Powder's high leavening strength, its superlative quality and its fair price have given it a hold in the home that cannot be shaken. The housekeeper has long since learned that GOOD LUCK is double strength and that one teaspoonful of GOOD LUCK will leaven as much bread as two teaspoons of other baking powders.

Thirty-seven mammoth carloads of GOOD LUCK, containing 1,980,281 pounds and equivalent to sixty-five and

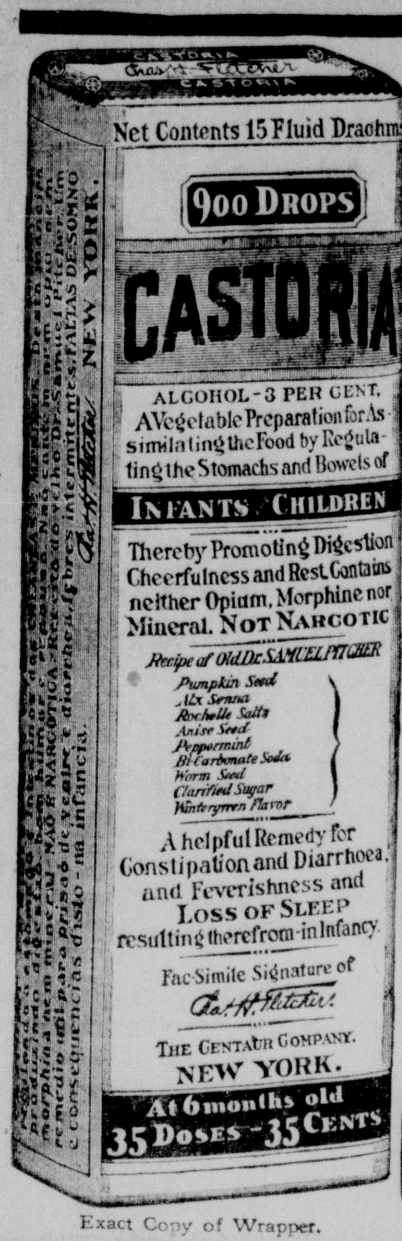

ordinary carloads, have lately been sold and shipped to Uncle Sam for our army and navy.

The largest order placed by the army for Baking powder was for GOOD LUCK. These tremendous purchases by the government were made after most exhaustive tests by the government experts and are very high testimonials to the merits of the goods.

Mr. Robert McLane is president and general manager of Robert McLane Company, and Mr. J. E. Mangum is buyer. These progressive business men, in addition to the Cameron house, operate a wholesale Grocery House in Caldwell, of which Mr. E. F. McCarty is house manager. By close attention to the interest of their customers and by giving a high order of service, these gentlemen conduct one of the most successful wholesale grocery businesses in the State of Texas.

Members of the selling corps of Robert McLane Company are: M. H. L. Broadbent, Mr. E. H. Balhorn, Mr. W. P. Mangum, Mr. W. B. Smith and Mr. C. E. Coleman.

CASTORIA

A LEOPARD CANNOT CHANGE ITS SPOTS

Mr. Dodson, the "Liver Tone" Man, Tells the Treachery of Calomel.

Calomel loses you a day! You know what calomel is. It's mercury; quick-silver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not salivate.

Don't take calomel! It can not be trusted any more than a leopard or a wild-cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. Give it to the children because it is perfectly harmless and doesn't gripe.

DECREASE IN LUMBER CUT

The lumber cut of the United States in 1918 was 29,362,020,000 feet, as reported to the Forest Service up to June 15 by 14,753 mills. The complete total cut is 31,890,454,000 feet, based on the assumed operations of 22,546 mills. The computed cut in 1918 is 11 per cent smaller than the computed production of 1917.

A comparison of the computed cut of several of the larger general producing regions in 1918 with the figures for the preceding year shows a smaller output by approximately 20 per cent in the yellow-pine group of States, a decrease of 19 per cent in the North Carolina pine group, and of 9 per cent in the Lake States. An increased cut of 2 per cent is noted for Oregon and Washington.

Billiard cues are chalked automatically by a machine which revolves a block of chalk as their tips are pressed against it.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Asprine Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum poyder. "Bayer Tablets of Asprin" the true, genuine American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Asprin" and always buy them in the original Bayer package which contains proper directions and dosage.

Asprin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicyacid.

THE BOOK.

A book upon my table
Lies open day and night;
I read it and reread it
With ever fond delight.

I read it and reread it,
And never have enough;
It speaks the heart of nature,
It speaks the soul of love.

I hear it in the tempest
Of deserts wide and far,
The onrush of the sea wave,
The night hymn of the star.

The echo of the heavens,
The voice of human soul,
The yearning and the searching
For life's immortal goal.

A book that never ages,
That breathes perennial youth;
A book whose burning pages
Impress with fiery truth.

I read it and reread it,
And gone are doubt and woe;
I feel it growing truer
As ages come and go.

I feel it will inspire
And thrill with force divine
As it is thrilling mine.
The heart of coming mankind

I feel its truth immortal
In every word and breath,
And know that souls are deathless,
And know there is no death.
—P. M. Raskin.

restores vitality and energy by purifying and enriching the blood. You can soon feel its Strengthening, Invigorating Effect. Price 70c.

An English railroad is painting the hand rails of its freight cars white so that trainmen can see them more easily at night.

FIVE WAYS TO MAKE YOUR BATTERY LAST LONGER

A list of five short rules on battery care has been made up for car drivers by Mr. T. C. Whites, the local Willard expert. These rules are easy to remember, and if observed, will have a marked effect on both battery efficiency and life:

1. Keep better charged and filled to proper level with the distilled water.
2. If your engine doesn't start quickly make sure that gas and spark are right.
3. Release starter at once when engine begins to run on its own power.

4. Keep your spark plugs in good condition.
5. Prime the engine if it's cold.

In a new comb for drying the hair a rubber bulb forces air heated by electricity in the handle through perforated teeth.

WEEKLY FINANCIAL REVIEW.

Prepared for The Cameron Herald by the First National Bank in St. Louis.

The most recent data available show that for the year ending June 30, 1919, total deposit liabilities in national banks increased by the amount of \$1,902,356,000, or from \$14,021,609,000 to \$15,924,865,000, and that loans and discounts increased by the amount of \$954,436,000, or from \$9,620,402,000 to \$10,574,838,000.

The increase in deposits, therefore, exceeded the increase in loans and discounts by the amount of \$948,920,000, or close to 100 per cent. The rate of increase in deposits for the year was 13.6 per cent, as against 9.92 per cent for loans and discounts.

A substantial portion of the increase in deposits, it appears, must therefore be accounted otherwise than by an increase in the commercial loan account of the banks. The significant change in their resources is found in their investments in Government bonds and in Treasury Certificates. These increased by the amount of \$1,055,127,000, or from \$2,116,785,000 to \$3,171,912,000, an increase of 49.8 per cent. It thus appears that the increase of deposits noted above is to a considerable extent to be regarded as a pure credit expansion not called for by increased industrial activity, but occasioned by the use of the banks' credit for Government financing.

A long wooden handle, widened at the end, has been patented to which a wash cloth can be fastened to serve as a bath brush.

BRINGS WONDERFUL PRESCRIPTION TO ALL ECZEMA SUFFERERS.

Zemerine, the latest scientific prescription for the treatment of eczema, itch, and similar skin diseases, is now sold in leading drug stores. Until recently it was the guarded formula of a great physician, and men have paid a higher price for the treatment, but now it is within the reach of every sufferer.

It's time to say good-bye to inflamed and burning skin. Farewell to irritating and unpleasant sores, splotches, and blots which mar your face and make you uncomfortable. Zemerine can give you relief at it has others. Give it a trial under our guarantee, your money back if it fails to benefit you.

Simple directions accompany each bottle. Sold in two sizes, 50 cents and \$1. Start today and learn what relief means. If your druggist can't supply you, the Zemerine Chemical Co., Orangeburg, S. C., will send you a bottle prepaid upon receipt of the price.

Obstructions are removed from Paris sewers by a hollow wooden ball, six feet in diameter, moved by the flow of the sewerage.

Colds Cause Grip and Influenza
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

The production of petroleum in Japan has been decreasing each year since 1914 although the domestic demand has increased.

THE CAMERON HERALD

Published Every Thursday by
THE TERRELL PUBLISHING COMPANY

Entered in the Post Office at Cameron, Texas, as mail-matter of the second class, under an Act passed by Congress March 3rd, 1879.

Subscription Per Year\$1.50
Payable in Advance.

Subscribers are requested to keep up with the date set opposite their name. The Postal Laws will not allow us to send your paper after your subscription expires, and all papers will be discontinued at the expiration of time paid to.

Thomas N. Herring, Manager

Cameron Texas October 2, 1919.

Pay up day never bothers anybody who pays down for what they get.

Cotton-picking is the order of the day. Milam will make her share again and don't you worry.

Running in debt is like running into a mudhole with your car. It is easy to get in but hard to get out.

Another new dry goods firm for Cameron; progress is the order of the day here. Come to Cameron.

We are with these price-fixing committees but would prefer that some fellow start a scheme for fixing them lower.

It might be of interest to Americans to note that Germany is already underquoting America for the steel trade in Italy.

The circus has come and gone and we failed to see the old-fashioned man that used to swing on to his team while the parade was passing.

The Cam-Hi football team is working hard to defeat Rockdale tomorrow afternoon. Let's be on hand to see that the home team makes the first touch-down in proper order.

Our old suit of three summers is past the patching stage, even darning will do no good, but our other one has been "airing" for a week, so why should we worry?

When a woman is elected to office and is married during the term, does she keep on signing her own name or that of the other fellow? No allusion now.

It keeps the mothers hustling these mornings to get the children off to school, but they can console themselves with the reflection that in one more month the clocks will be turned back an hour.

Keep your eye open for something good for Cameron, let's don't spend a moments time in knocking the other fellow, get busy and be a benefactor instead of a "mud-slinger."

Government cotton classer, J. B. Simpson contributes an article to the Herald this week on long staple cotton. If the farmers of Milam would heed this advice the same land that is now producing short staple cotton would produce the long staple which would bring from \$25 to \$40 per bale more. Is this advice not worth heeding?

One reason, as we take it, the government's sale of foodstuffs has not met with the success expected is that few men, under present conditions, can pay a week in advance for what they eat.

The Cameron Commercial Club pulled off a big meeting last Friday night. The attendance was the largest since organization and enthusiasm ran high. Those who attended pronounce it the best ever held in the 18 month's existence.

Again this week we rise to ask that you look over the advertisements in the Herald. Cameron's dry goods stores are all loaded with new fall wearing apparel, every line of business is well represented; and we further call your attention to Cameron merchants' ads exclusively.

Removal Notice

I have moved my harness store and shop on Houston Avenue to the building back of the Cameron State Bank. F. J. Beckerman. 24-

WILL ENTER BAYLOR

The following boys and girls of Cameron and adjoining towns will enter the two Baylors this week for the coming year's work:

Baylor University, Waco:
Misses Kathryn Flinn, Ruth Coleman, Nadine Bragg, Mable Jeter, Sue Harlan, Louise Green, Lois Strubling; Messrs. Mike Coleman, Jim Coleman, and Robt. Pool.

Baylor College, Belton:
Harriett Henderson, Owen Bacon, Lorene Goodwin—Cameron; Annie Lee Peoples—Milano; Larna Bailey, Lula E. McKinney, Lorraine McKinney, Willie Fontaine—Jones Prairie; Irene Moody, Edna Moody—Minerva; Gladys Barmore, Ada Belle Barmore—Vance Randolph—Maysfield; Ruth Walker—Branchville.

SPECIAL DAY AT BAPTIST CHURCH SUNDAY

Next Sunday is "Rally Day and Promotion Day" at the Baptist church and is desired by the Sunday school management that we have the largest attendance we have had during the year. We want to set new standards for attendance. Let's break all previous records!

It will also be the occasion for the installation of the newly elected officers and teachers. It is hoped that every officer and teacher will be on hand next Sunday morning and take his or her place and begin the year's work in a great co-operative way.

The Pastor will address the Sunday school next Sunday morning, giving a special message to the new officers and teachers. It is desired that the parents, especially, will be present. Special music. Come, you will be welcome.

B. B. BLAYLOCK, Pastor.

The Mothers' Club held its regular monthly meeting in the school building Wednesday afternoon. The special feature of the program was an address by Dr. John L. Denson; subject: "Health and Sanitation." The Mothers' Club is behind every good movement in Cameron and this program was arranged with the view of intensifying the interest in the Cameron Clean-Up Campaign.

The Baptist Young Peoples Union held a social meeting in the church parlors last Friday night. This occasion was planned as a compliment to the goodly number of young people from the Baptist church who were soon to leave for school and for the teachers in the public school who are members of this church. Those attending enjoyed a delightful evening. Old-fashioned games were played and peanuts, popcorn, stick candy and soda pop were served.

TEACHERS' EXAMINATION

An examination for teachers' certificates will be held in the examination room of the new postoffice building on Friday and Saturday, October 3rd and 4th. All grades and classes of certificates will be issued upon this examination. The regular fee of \$2 will be charged each applicant. Examinations will commence at 8:30 a. m.

Schedule of Subjects:

Friday morning—Physical Geography, Composition, Arithmetic, Literature, Solid Geometry.

Friday Afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry, Psychology, Book-keeping.

Saturday Forenoon—Spelling, Writing Methods and Management, Civics, Reading, Chemistry, History of Education.

Saturday Afternoon—United States History, General History, Agriculture, Algebra, Physics, Plane Trigonometry.

JIM F. CHADWICK,
County Superintendent.

COMMERCIAL CLUB HAS BIG MEETING

(Continued from page 1)

eron could have by co-operation. Especially did he favor the upkeep of the roads the club had been instrumental in building. "Markets should be established in Cameron to care for everything the farmers raise" said Judge Gillis. He declared there was a future for the club that had no bounds and urged that every member be up and doing along the line of making a bigger and better Cameron.

"Benefits Derived from Honorary Membership" was the subject assigned to Hon. Thos. V. Adams of Buckholts, and there not a man who could have handled same any better. Mr. Adams gave the club a good talk and was enjoyed by every one present.

The speech-making closed, W. G. Gillis got the floor and advised that a few members of the club had decided to present Hon. U. S. Hearrell with a little token to show their appreciation of his work in the club, especially has he been handy in entertaining the aviators. Judge Gillis made an elaborate speech and had everybody guessing until he produced a paste board airplane about four inches square and presented to Mr. Hearrell. The acceptance was in Mr. Hearrell's usual style of doing things.

After the business session the members assembled in the dining room of the Auditorium Hotel, 132 strong, where Manager Grady Houston had arranged a most delightful luncheon, consisting of various sandwiches, coffee, tea, etc. The tables were artistically arranged and decorated with pretty white linen and flowers.

After a few minutes of eats and good conversation, toastmaster for the occasion, U. S. Hearrell, called the house to order and the fun began. Mr. Hearrell did just as he always does, made everything fit and the fellow who didn't laugh was either a grouch or it was when the joke was on him.

Following is the list of toasts responded to:
"What will the Commercial Club be in 1925?"—Robert McLane.

YOU'LL WIN

by a **TEN STRIKE** if you take along a box of those **DELICIOUS CHOCOLATES** from the **PALACE OF SWEETS**

PALACE OF SWEETS

"Your Satisfaction Is Our Success"
STEDMAN & SHARPE, Props.

"What Would Cameron Do Without The Commercial Club?"—Mayor Jno. B. McLane.

"What is The Matter with Little Bohemia—Down By the Santa Fe?"—T. J. Parma.

"Who is the Greatest Profiteer—the Editor who Charges \$20 for a page Ad, or the Merchant who Sells Shoes at \$12.50 per?"—Official Ad-journer—W. M. Cobb.

"Who Put the Buck to Buckholts?"—Thos. V. Adams.

"How are You Going To Keep 'Em Away From Bankers' Row?"—H. M. Hefley.

"Is it Cheaper for a Food Administrator to Fight The High Cost of Living Single or Double?"—T. F. Hardy.

"Will Cameron Remain in Darkness or Shall There be Light?"—Mr. Walter Lawrence.

"Which pays the Biggest Dividends—Banks or Bulls and Silos?"—Geo. T. Graves.

"What I Knew of Cameron Before

the Civil War, and Now."—T. S. Henderson.

"When will Lumber and Building Material Reach the Top Notch?"—R. P. Jeter.

"What the American Boys did to the Dutch at St. Mihiel."—Jim Baskin.

WANTED AT ONCE

Applications from efficient men and women, who desire to act as census enumerators.

Examinations will be held at the county seat October 27, 1919.

Census will be taken through the month of January, 1920, and salaries will average from four to six dollars a day.

Returned soldiers, sailors and marines preferred.

Applications should be directed to Mrs. Roy E. Smith, Census Supervisor, Hillsboro, Texas.

America's Greatest Need!

America must increase its dairy herds. There are only 24,000,000 milch cows in the United States today, as compared with about 35,000,000 in 1914. Dairy cows by the millions have been slaughtered for food, by Denmark, Sweden and Norway particularly. All Europe's dairy herds have been sadly reduced.

This country must provide and sell dairy products to all Europe. We need more than 45,000,000 milch cows to do this adequately.

The farmer who increases his dairy herd now is not only doing his duty to the world, but is certain to profit in a big way.

This should interest this community. Is it going to benefit by owning more and better dairy cattle? We have the land to feed them on, we have the brains to care for them and take the profit. THIS Bank has the money to finance their purchase if our assistance is needed.

Come in and let us talk this dairy problem over.

Notice

The North half of Milam county is not organized for the Salvation Army Drive, but we do not want to "slack" entirely in this good work. We know you want to help some and if you are not solicited, please call at First National Bank and leave a good contribution to this most worthy cause.

F. J. Beckerman is moving his stock of goods this week into the building adjoining the T. A. Howell Music Store. The Lewis S. Pierce Dry Goods people are busy opening up a large stock of goods in the old Beckerman stand and will soon be ready for business.

Miss Minnie Stedman left Tuesday morning for Tyler for a course of study in the Tyler Commercial College. Miss Stedman has a host of friends in Cameron who are interested in her welfare. They are glad to see her take this advance step and wish her every success in her line of work.

Removal Notice

I have moved my harness store and shop on Houston Avenue to the building back of the Cameron State Bank.
F. J. Beckerman. 24-

DIED IN DALLAS

Wirt Frank Smith, son of Mrs. Jennie T. Smith of this city, died in Dallas last Friday and was buried in Cameron Saturday morning, Sept. 27, 1919, at 10:00 o'clock. Funeral services were held at the Baptist church, conducted by Rev. B. B. Blaylock.

Mr. Smith was well known in Cameron, having lived here when a boy. He is survived by his mother, two brothers, W. T. and Robt. Smith of Cameron, and two sisters, Mrs. Reynolds and Mrs. McClure of Dallas.

KINDERGARTEN HELPS FOR PARENTS

Consistency.

(By Sarah G. Simpson.)

Consistency is one of the fundamental qualities of discipline, and from my own experience I have found it to be most important. It should always be accompanied by kindness. More mothers have trouble with their children because of their own inconsistency than for any other one reason.

Johnnie comes home from school and asks, "Mother, may I go over to Billy Baker's to play?" and mother, knowing that Billy's influence is not good, refuses. Johnnie displays more or less temper, but mother is firm, and Johnnie stays at home. A few days later, however, Johnnie makes the same request, and mother, who is entertaining a caller, lets him go for a little while. This is a case of inconsistency, and, in order to save one scene, mother is laying a good foundation for many more. The probability is that had she replied, "mother has told you before," the matter would have ended there, or even if he had cried a little and "made a scene," the son would have had a valuable lesson and learned that mother meant what she said. His love for the moment might have been shaken, but eventually Johnnie would have been a happier boy and his love and respect for his mother would have been greater.

The value of consistency cannot be over-estimated. The tiniest baby should be dealt with kindly, but firmly. A mother can develop the teasing habit in her child while he is still in his cradle if she lacks this quality of consistency. At one time when her baby cries she does not pick him up for she says: "It is no good for him and he is forming bad habits." But the next day if she is nervous and unwilling to endure his noise, she yields "just for once." The result is that she gives in to her child more or less through his later childhood.

Again, with an older child, the mother will partially concede, a sort of compromise, and the child is keen enough to know that he has gained his point and each time he will seek to gain a little more, until the mother realizes when it is too late, that her problem is great and her word really has very little weight.

My advice is: be considerate in your requirements of a child and then be consistent in seeing that these requirements are carried out. Irritable, nagging mothers and unattractive nervous children would be almost un-

known if the former could realize the importance of kindness and consistency. Lack of sympathy and strained relations between parents and their older children often spring from habitual inconsistency.

Perhaps the most important thing of all is this: When you make a legitimate request you must know within yourself that you expect it to be carried out. Then if you are disobeyed you must calmly, but definitely and emphatically, see to it that your request is complied with. This method cannot be practiced today and neglected tomorrow, but must be consistently followed.

The future happiness, character and well-being of your little one depends entirely upon firm, wise and consistent guidance. It is these fundamental qualities of mother discipline that train the strong-willed little sons and daughters into splendid men and women.

Help to reach all the parents of the country by cutting this out and passing it on to a friend.

Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding piles. Instantly relieves itching piles, and you can get restful sleep after the first application. Price 60c.

Self-appreciation is a good thing. When a man knows exactly what he is, he knows what he is not.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.—Adv. 18

Your war savings stamps will prove good medicine if illness comes.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 80c per bottle.

AMERICAN LEGION NEWS

From American Legion Weekly

The only American soldier who lost both eyes and hands in the war is to be voted an extra war risk payment of \$100 a month. He is Harry Bitter, of Dubuque, Ia. The bill only awaits the signature of the President.

Monsieur Vanhee, a farmer living near Ypres, gave twenty sons to the service of France in the war. Thirteen were killed, three disabled, and one was wounded four times. Monsieur Vanhee himself was shot by a German patrol in October, 1914. In addition to his sons, his fourteen daughters did much for their country behind the lines.

The man, who single-handed, captured thirty-nine Germans in the Argonne, winning the D. S. C., was killed a fortnight ago by a speeding automobile in Memphis, Tenn. He was Corporal Eric C. Huffstetler, of Birdell, Ark. After his discharge from the Marine Corps he had re-enlisted to help the recruiting.

On April 27, 1882, some one mailed a letter from the Ebbitt House in Washington to Colonel Charles E. Sherman, then staying at the Metropolitan Hotel, a few blocks away. On September 8, 1919, the letter was returned to the New Ebbitt Hotel undelivered. Fifteen postmasters have come and gone while that letter has been looking for its addressee. If Colonel Sherman will now claim his letter he may find that it invited him to the theatre thirty-seven years ago.

Every week in the three months preceding the armistice five hundred officers and men of the A. E. F. were arrested in Paris. Many of them were deserters, but some of them were A. W. O. L. Major Bennett, inspector of the Paris district, says that the Paris command had to contend with very difficult conditions. It was a hard life on duty in Paris.

A much-fetched man at Newport now is the Italian Admiral, Hugo Conz. A year ago he was blacking boots for Turkish officials in Constantinople, there he was chief of the Italian Secret Service.

Eddie Rickenbacker is laying his plans for a trans-Pacific flight, in competition for the Ince prize of \$50,000. He intends to have an airplane built according to his own specifications.

General Pershing wore a Sam Browne belt when he landed in this country. There was considerable discussion as to who should call him down for it. The result was that he kept his belt.

Wireless telephones have been working across the Atlantic recently. The Radio Agency at Christiania, Norway, has heard a voice calling from the United States. The voice was perfectly clear, but could not be answered because Christiania has no sending device for wireless telephony.

The Oklahoma Chapter of the Rainbow Division Veterans at their first reunion endorsed the Legion and what it stands for. The body, composed largely of the Tulsa Ambulancers, which was organized by Captain

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Hector Lareau, has decided to exclude Captain Lareau from membership, charging him with conduct unbecoming an officer under fire in France.

Enlisted Soldiers who obtain their discharge conditional upon re-enlistment will be granted travel pay similar to that given enlisted men who receive unconditional discharge.

GOOD COVERS FOR HAYSTACKS

High prices of hay makes it essential that farmers top off their haystacks with proper covers for protection of the dry forage against weathering. A cheap and simple cover may be made by spreading a layer, about four inches thick, of some coarse grass, such as millet, sudan grass, fine sorghum, or some coarse wild grass over the top of the stack or rick, placing long poles permanently in place by the use of wires weighed down at both ends. Where the hay is stacked out of doors in oblong ricks, a satisfactory cover may often be made by using 12-inch boards 1 to 1 1/4 inches in thickness, cut as long as the ricks, which may be wired together and lapped like shingles to form a satisfactory cover over the hay. Some farmers have been successful in using crimped galvanized roofing or

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, MO.

A carpet sweeper or vacuum cleaner should be used in the daily cleaning of the carpets and rugs. A vacuum cleaner operated by hand or electric power removes practically all the dust and dirt from the carpets and rugs in a dustless manner.

The duty of happiness should be taught alongside the happiness of duty. Nothing is more important than laughter.

HOURLY SERVICE.

It Cost Just 20 Cents More
To Produce the Big One than it did the Runt

THE BIG ONE WAS FED
AVALON FARMS HOG-TONE
—The Liquid Hog Conditioner, Fattener and Worm Remover—
—THE RUNT WASN'T

THEY both started life at the same time and weight. They were given the same feed under the same conditions - with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops markets and brings big profits to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminate the worms that are the hog raiser's greatest enemy to profits. Splendid for piglets, stunted pigs. Come in the store—raise the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny. If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

FOR SALE BY

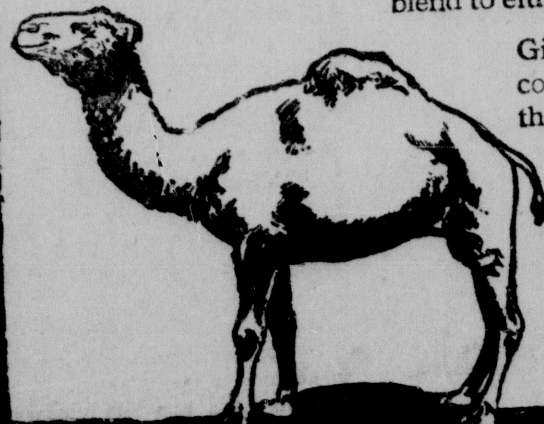

E. O. SCHILLER

CAMERON, TEXAS

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

R. J. REYNOLDS TOBACCO CO.
Winston-Salem, N. C.

IF YOU ARE INTERESTED IN PAINTS AND VARNISHES THEN READ THIS AD

For over 29 years we have sold Paints and Varnishes and for 20 years under the Sherwin-Williams Label. Our reasons for selling Sherwin-Williams' are as follows:

FIRST. Because it is the best paints and Varnishes made and by far the most durable that can be bought.

SECOND. Sherwin-Williams Paints costs you Less per gallon, therefore, less per job, than any other paints sold.

THIRD. They make a paint for every purpose and when properly applied it will not crack, chip or peel, and is always of uniform quality; in fact, the formula is on every can and is U. S. Standard measure.

It is our opinion that there is more money wasted in the buying of inferior paints and varnishes than in any other line; in fact, the price of paint per gallon means nothing, depending entirely on what a paint contains.

In investing your money in paints and varnishes, it will pay you well in dollars and cents to buy the Sherwin-Williams Line and if you will figure with us on your paint and varnish needs we will prove our assertions. We can save you at this time at least 50 per cent on your Wall Paper purchases, provided you can find what you wish in our stock.

CITATION

THE STATE OF TEXAS)
County of Milam)
To the Sheriff or any Constable of
Milam County—Greeting:

You are hereby commanded to summon Andrew Williams by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 20th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said Milam County, to appear at the next regular

term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 10th day of November, 1919, the same being the 2nd Monday in November, 1919, then and there to answer to a petition filed in said court on the 24th day of November, 1919, in a suit, numbered on the docket of said court No. 8017, wherein Mollie Williams is plaintiff and Andrew Williams is defendant. This suit is for divorce upon the ground of more than three years abandonment of plaintiff by the defendant with intention of permanent abandonment commencing in October 1915, plaintiff praying for dissolution of the bonds of matrimony existing between her and defendant and for costs of suit and general and special relief, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon showing how you have executed the same.

Witness: PENN WOLF,
Clerk of the District Court,
Milam County, Texas.

Given under my hand and the seal of said court, in Cameron, this the 24th day of September, A. D. 1919.

PENN WOLF,
Clerk of the District Court,
Milam County, Texas

MILAM COUNTY BAPTIST ASSOCIATION MEETS—CAMERON

Milam County Baptist Association will convene with the Cameron Baptist church Wednesday night, October 8, at 8:00 o'clock. The introductory sermon will be preached by the Rev. C. R. Steward, the new pastor at Rockdale.

Organization of the body will be perfected at the Wednesday night service and all day Thursday will be given over to matters pertaining to the Baptist 75 Million Campaign and related interests. The chief speakers of the day will be Dr. B. W. Vinning of Dallas and Dr. J. C. Hardy of Belton Baylor College.

We are confidently expecting one of the largest attendance at this meeting ever had at our annual gatherings. Never have we been confronted with such important matters as we are today. The churches are urged to send their full quota of messengers, and to be with us in the first service.

This will be the first session of the Milam County Association. Heretofore it has been "Little River Association."

B. B. BLAYLOCK,
Moderator, Milam Co. Baptist Ass'n

RALLY DAY PLANNED FOR NEXT SUNDAY

In keeping with the spirit of the commercial world at this season of the year, our churches are beginning to get busy and are putting forth extra effort to reap the fields already white for harvest.

Next Sunday is "Rally Day" in some of our Sunday Schools.

The Baptists, who have just completed a Sunday School census of the

town and are well-informed as to the available material have set as their goal 350 at Sunday School next Sunday.

Last Sunday morning a missionary program was carried out by the Junior, Primary and Beginners Departments, and an offering amounting to almost two hundred dollars was made to State Missions.

The Presbyterian Sunday School will observe "Rally Day" with appropriate exercises next Sunday and an offering for Sunday School extension will be made.

It is the desire of every school in our city to increase its membership, especially the adult membership. Let no one make the mistake of looking upon the Sunday School as an organization for children only. Enroll in some Sunday School next Sunday morning for a systematic course of Bible study.

PRESBYTERIAN CHURCH

Sunday is the first Sunday of the new quarter, and so in addition to the usual services we will have at the morning service the sacrament of the Lord's Supper. The session will meet at 10:45 a. m., for the convenience of any who wish to unite with the church. Evening service at 8:00 o'clock.

Sunday is "Rally Day" in the Sunday school. We are looking for all the old members and a fine bunch of new ones for that day.

OAKVILLE SCHOOL DISTRICT.

STATE OF TEXAS)
County of Milam)
Notice is hereby given that an election will be held on the 10th day of October, A. D., 1919, at Oakville, (white) school house in Common School District number 32 of this County as established by order of the County Board of Trustees of date the 7th day of April, 1919, which is recorded in Book 1, Page 44 of the book designated "Record of School Districts," to determine whether a majority of the legally qualified property tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$3,000 the bonds to be of the denomination of \$150 each, numbered consecutively from one to twenty, both inclusive, payable serially in twenty years from date and bearing five per cent interest per annum, payable annually on April 10th of each year to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and County and who are resident property tax payers in said district shall be entitled to vote at said election.
Said election was ordered by the County Judge of this County by order made on the 16th day of September, 1919, and this notice is given in pursuance of said order.
Dated the 16th day of September, 1919.

YOU ARE CORDIALLY INVITED

To visit our Interesting and Instructive Exhibit at the Dallas State Fair, Louisiana State Fair, Shreveport, Cotton Palace, Waco, and Pittsburg Fair, Pittsburg. We invite all our twenty-six thousand former students, one and all, their friends and those interested in America's largest business training school to visit our

booth in the Exposition Building, and see our splendid exhibit which has won first honors at four state fairs. Our exhibit will be interesting and educational to old and young. We will have demonstrations on some of the most modern office appliances which are taught in our school, exhibit of student's work in Bookkeeping, Business Training, Shorthand, Typewriting, Business Finance, Penmanship, Cot-

ten Classing and Telegraphy. A visit to our exhibit will show you why we have the largest school of the kind in America, you will see clearly why it is that we can make you a more practical and thorough stenographer in three and one-half months with the famous Byrne Shorthand than other schools teaching other systems can in seven months, and why it is with our original copyrighted system of Bookkeeping and Business Training we can give you both a course of Bookkeeping and Business Training in less time than other schools teaching other systems can give you a mere theoretical course of Bookkeeping, and why it is that our practical department of Telegraphy, the largest in the United States, with a loop of the Cotton Belt train wire, giving every message to our students every station blank and record book that is used by the Western Union or Cotton Belt Railroad, turns out practical operators and station men; and that we place our graduates into good positions also investigate the practical manner in which we teach cotton classing.

Write today for catalogue and read what we guarantee to give you, what our former students say we have given them, and what their employers say of their efficiency. Get facts, and you will decide at once the kind of education you want and that the T. C. C. is the only place to get it. Address the Tyler Commercial College, Tyler, Texas.

WHAT TO DO WITH THE GIRL

(By Cora M. Miley.)

To every mother comes the puzzling question of what to do with the children during their leisure hours. Most of us follow the line of the least resistance, allowing them to attend picture shows promiscuously, to read books of their own choosing, and to visit their little friends frequently. It is an inexorable law of nature that every act or deed in our later life is the harvest of what we have done or what has been done for us in our earlier days. So, we should not be surprised that a girl's mind, over-stimulated by sensational and overdrawn picture shows, rendered unhealthy by the same sort of books—for what child can choose reading matter wisely?—and satiated by too much contact with other children, develops in her high school days into a morbid, melancholy restless creature, happy only when she is "on the go."

If we mothers could look before us and see what we should do, as well as we can look behind us and see what we might have done, all would be well; but this being impossible, we make many mistakes. The chief reason for these mistakes and indulgences is a desire to make our children happy, so we seek the easiest means to accomplish this, we try to keep them amused. We have not learned that real happiness comes from other things as well, from being busy, from creating something, from gaining knowledge, from observation of life and nature, from helping others. In short, one secret of happiness lies in being sufficient unto ourselves—that is, in being resourceful. This is not taught at school; in fact, only a very goes on in the schoolroom. How can small part of the child's education a girl be taught to find pleasure with herself; to be wholesome and happy under all conditions? The answer is, by teaching her the simple elements of cooking and sewing; by arousing an interest in nature; by reading good books with her; by making her see she is of use to others.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It Stimulates and Regulates. Very Pleasant to Take. 60c per bottle.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

CAMERON'S NEW DRY GOODS STORE—BECKERMAN OLD STAND—MAIN STREET.

GALVESTON AMENDMENT

Galveston, Texas, Sept. 25, 1919.
To the people of Texas:

One of the amendments to be voted on in the coming November election is that authorizing the City of Galveston and County of Galveston to issue bonds not to exceed in the aggregate five million dollars (\$5,000,000) for the raising of the grade and to provide other storm protective works, and to levy the necessary taxes to meet the interest and sinking fund; provided that no such bonds shall be issued unless authorized by the majority of all the qualified taxpaying voters of the city, if issued by the city, or of the county outside the city if issued by the county.

Of the five million of bonds, the city seeks authority to issue four million and the county one million.

This is an amendment that embodies the principle of local self-government. It simply authorizes the taxpayers of the City or County of Galveston upon a majority vote to issue storm protective bonds and tax themselves to meet the interest and sinking funds necessary to care for same.

The adoption of this amendment will not cost the people of Texas outside of Galveston County one dollar either directly or indirectly.

There is no sound reason for any one voting against this amendment. We, therefore, respectfully and earnestly ask the qualified voters of our state to vote for the adoption of said amendment, and thus make it possible for our city to complete its protective works.

Galveston Com. Association.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Notice.
THE STATE OF TEXAS

To all persons interested in the estate of D. Kirkland, deceased, James B. Brewer has filed in the County Court of Milam County, an application to probate the Will and Last Testaments of D. Kirkland, deceased, which will be heard on the First Monday in October, A. D. 1919, same being the 6th day of October, A. D. 1919, the Court House thereof, in the City of Cameron, at which time all persons interested in said estate may appear and contest said application if they see proper.

HERE FAIL NOT, under penalty of the law, and of this writ make due return.

Given under my hand and seal of office, in the City of Cameron, the 15th day of September, A. D. 1919.

TEACH YOUR CHILD—
REN APPRECIATION

(By F. G. B.)

It is a good idea to pay children for some of their services about the home. It stimulates interest, and gives them a feeling of having done something worth while. A child who is constantly being called upon to perform chores is apt to rebel sooner or later unless occasionally he is rewarded with a few coins. It takes a very little to make children happy and to induce them to do better work.

One day a nine-year-old boy overheard his father and a hired man settling a bill for services rendered by the latter. So the next day the boy made out a bill as follows: "Father owes Harry for carrying in wood, twenty-five cents; for driving the cow from the pasture night and morning, fifteen cents; for going to the grocery store, ten cents; for polishing father's shoes, five cents; for knowing my

Sunday School lesson, ten cents—total, sixty-five cents." His father made no comment but the next day he gave his son the following bill: "For taking Harry to the hospital, nothing; for giving him all his clothes, nothing; for giving him plenty to eat, nothing; for being good to him, nothing—total, nothing." When the boy read this he sat thinking for a long time, then went to find his father and to tell him that he intended to be a good boy, and that he wanted to cancel the bill he gave him yesterday.

Too many parents do not stop long enough during the busy days to really learn of the sorrows and pleasures of their offspring. They do not teach them each day to appreciate what is being done for them. Children, if handled in the right manner, are easily molded, and it is a parent's duty to guide direct and teach them the worth-while things of life, and while it is sometimes wise to pay them for the many things they do for you, don't forget also to teach them that they owe bills to their parents.

The noblest theory of life resolves itself into one unalterable decision—the strong must help the weak. Either that, or we must enforce the pagan practice and eliminate our weaklings. If they are allowed to exist, they must be cared for. Society already recognizes this alternative in the case of physical weakness worthy of the same protection.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Cameron. No. Cameron resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony. Ask your neighbor.

J. D. Cone, carpenter, 3rd street, Cameron, gave the following statement Feb. 28, 1912: "From the results obtained through using Doan's Kidney Pills, I certainly am warranted in recommending them highly. I had been troubled for some time with my kidneys. There was a weakness across my back and at times it became very painful. There was an irregularity of the kidney secretions and at times they were profuse in passage and highly colored. Was compelled to lay off work for several days owing to my condition. I was advised to get a good kidney remedy and I procured a box of Doan's Kidney Pills as I had heard they were highly recommended. Through their use I was soon feeling better in every way. I am pleased to endorse this remedy."

OVER SEVEN YEARS LATER, on July 2nd, 1919, Mr. Cone added: "My faith in Doan's Kidney Pills grows stronger as the years go by. Never has Doan's Kidney Pills failed to do for me all that I could wish them to do."

MILL HANDS DRINK MORE MILK

Milk, either sweet or as buttermilk, bids fair to become the favorite soft drink of the factory employee. Dairy specialists, sent out by the Department of Agriculture this year, have been giving talks, in which the value of milk is stressed, to representative groups of workers in various trades.

In Worcester, Mass., short talks on milk as a food have been given in 11 factories. Exhibits have been set up in some of the factories visited by the specialists. After each lecture about 2,000 pamphlets were distributed. In Worcester 14 factories are now selling milk to their employees during the morning or noon hour.

DAVIDSON WANTS COTTON GLASSER

Oklahoma Town Sends Representatives to Government Classifier Here.

(Vernon Record).

F. E. Brown, representing the business men of Davidson, Okla., was in Vernon Saturday to confer with Government Classifier S. H. Johnson with a view to making arrangements for the classing of the cotton raised in that section at the local office.

One of the business men of the Oklahoma town had volunteered to stand sponsor for the handling of the staple for the Davidson farmers and under the plans formulated the samples will be handled by Mr. Johnson through him. A bonded man will, of course, have to look after the matter of sampling and it is likely that the Davidson weaver will have this in charge.

Davidson is the second neighboring town to take advantage of the Vernon cotton classer. Crowell having made the necessary arrangements several days ago. Other towns are expected to avail themselves of the opportunity at an early date.

Mr. Johnson explains that the more towns the local office serves, the easier it will be for him to market the staple. For instance, a representative of one of the large cotton firms comes to him wanting 300 bales of strict middling and on that day he has classed 100 bales each from Vernon, Davidson and Crowell. It is readily apparent that the order can be filled with less trouble than if he had knowledge only of the supply at Vernon.

Just buy another W. S. S. stand upright. It is hard for an empty bag to jam. Don't try to argue with Benjamin Franklin. He said: "Beware of small expenses; a small leak will sink a great ship."

If you lose your job War Savings Stamps will work for you.

HEALTH IS FAIR IN STORM AREA

Dr. C. W. Goddard, State Health Officer, Reports No Epidemic is Threatened.

While sanitary conditions in the storm swept section of the Texas coast are still bad, no epidemic is threatening and health authorities have hope of being able to clean the territory before health of the survivors is seriously affected, says State Health Officer C. W. Goddard, who returned from Corpus Christi Friday night.

The water supply, sewerage and garbage disposal in Corpus Christi has been taken care of, continued Dr. Goddard, and all animal matter has been disposed of. The food supply is under supervision to insure its healthfulness, and every interest connected with the relief work is co-operating.

Since the storm there have been about 40 cases arising from food contamination, said Dr. Goddard. But for the last two days he was in the city no additional cases were reported. It is thought that a number of these arose from the eating of food that had been submerged, and the State health officer condemned all of this food, which is to be issued for consumption only after a careful examination.

He says that his deputies have been working in the other devastated cities and all of them are now in fairly good shape.

Contributions for relief of Texas Storm sufferers coming to the governor's office, totaled \$105,526 at noon Saturday. Donations since Friday were \$1800.

HEMSTITCHING

We are making out of town orders a specialty. Also plaiting from 1 to 45 inches. Mens shirts made to order. All wash materials shrunk. Mrs. B. E. Bedell, 1504 Congress Ave., Austin, Texas. 20 pd

It has taken the human race a very long time to learn—have we learned it yet?—that the path of service leads ultimately to the goal of happiness and content.

Don't try to argue with Benjamin Franklin. He said: "Beware of small expenses; a small leak will sink a great ship." Just buy another W. S. S.

Cam-Hi Student Body 98 Per Cent
 "Pure Gold."

The character of our student body was clearly shown last Thursday when the circus came to Cameron. It had been announced that school would be turned out in time for all to see the parade and the remainder of the day would be a holiday. So when the in-

formation came Thursday morning that the parade would not begin until 12:30 P. M., the work of our high school went on as though no unusual affair was going on. We find out, however, that two per cent of our high school who were unable to stand the pressure of a dog and pony show, and who were not in possession of any self-control and had to leave school at the morning recess. Such "students" deserve the sincere sympathy of the entire student body and need our help. For any student in school can be excused at any time by the proper authority, if there is any real reason.

How would it do for a freshman to suggest to some of the senior boys that the latter are no longer mere children and should discontinue acting as such?

Cam-Hi Library.

In the high school department the pupils are required in their study of history to refer almost daily to books other than the text. They are required to read certain books during the year as a part of the English course. As there is an average of about 45 pupils in each class, it can readily be seen that many books are needed. Last year the number supplied by the school library was found very insufficient, in fact, so much so that the teachers could not give the necessary reference work. At the present time the eleventh grade is studying "Chaucer's Canterbury Tales," and, on account of the lack of the necessary copies, has been about a week in reading the Prologue. Through the efforts of the superintendent and the Mother's Club, many important books have been added, but many more are yet needed.

It was thought wise to increase the library each year, so the board of education has requested that each year the pupils of the high school bring 50 cents each. The result of this plan will mean about one hundred dollars a year from the high school alone. From this amount, great benefits will be derived. History reference books, which are now so insufficient, can be supplied; parallel reading books can be furnished as well as the supplementary readers for the lower grade. These extra books will be a great help to the pupils, as much more information than the text book contains can be found in the reference books, and a broader knowledge of the subjects can be obtained.

If the books are well cared for, as they certainly will be, in a few years the fee requested yearly will have made a library that would be an asset to any public place.

The pupils this year have responded nobly with their fee. In the high school there are exactly two hundred pupils, and, according to classes, the percentage of those who have paid is as follows: Eighth grade, eighty-one per cent; ninth grade, eighty-seven per cent; tenth grade, seventy-eight per cent; eleventh grade, eighty-four per cent.

Growth of Cam-Hi.

The fact that many families in the neighboring counties are sending their children for school, imprints upon our minds that Cameron is one of the best school centers in this part of the country.

Our high school is very crowded, for in many cases two pupils sit in one desk. To show our increase in school this year, I will give you the new pupils coming from out of town:

Eighth Grade—Eula Angel, Alpha Ashley, Starrett Hickman, Iona Jones, Emma Lihner, Robert Link, W. O. Majors, Bessie Little, Lions McCall, Leonard Mewhinney, Earnest Marsh, Eula Norman, Nolan Robinson, Etta Scarborough, Naomi Whitley, Leonard Yochan, Emily York.

Ninth Grade—Earnest Thompson, William Robert Ancrell, Iva Brewington, Roy Hensley, John Hood, Henry Carleton Ireland, Margarette McCarty, Endale McWilliams, Hubert Mewhinney, Little Joe Mohler, Lucile Scarborough.

Tenth Grade—Irma Harris, Jessie Little, Annette Laird, Robert Massengale, Lynn Ryan, Feister Scarborough, Christine Wallace, Walter Willis.

Eleventh Grade—Phrona Reaves, Ruth Askew, Rossie Crook, Gladys Harris, U. F. Horstmann, Clay Phipps, Howard McDonald, Lawry Pressley, Newton Robinson, and Eleanor Sapp. We are glad indeed to welcome this many new pupils to our school, and assure them that by next year our new high school building will be large enough to accommodate many more.

Freshmen Class Organizes.

The Freshman class of 1919-20 met on Monday September 15th, with their supervisor, Miss Williams. Miss Williams made a short talk and then announced the meeting open for nominations for class officers. After a few days campaign another meeting was called for the election. Easset Watson was elected President, Ralph Joynes, Secretary and Treasurer, and Harleigh McGregor, Editor.

After being said to be one of the best classes while in the grammar grades, this class has determined also to be one of the best classes in high school. There are forty-five enrolled in this class now and besides trying to be one of the best, it also expects to be one of the largest classes.

that ever graduated from the high school.

The Freshmen also expect to take a big interest in athletics. Already they have organized a football team with Eugene Green as captain. They have been practicing every afternoon and expect to play the second team some time this week. There are also some boys in this class who expect to take part in the track work next spring and some girls who will come out for basket ball.

Sophomore Class Election.

President, Mary Joe Harlan; Vice-President, Gladys Posey; Secretary, Margaret McClarty; Treasurer, Lee Tag; Cam-Hi Representative, Joe Mohler.

The Sophomore Class has forty-one pupils and is one of the best classes that ever was in Cam-Hi in class room work especially. There is a great rivalry between the different classes this year, and at present the Sophomores lead the other classes in paying Library fees. All other classes are going to have to work hard to keep up with this class, so watch out, high school.

Weekly Explosives

Furthermore, we wish to state that those talented students who left at recess for the circus probably have more talent than ambition.

It is our idea that either Cam-Hi or Rockdale High will get "licked" Friday. It is easy to guess which.

Some one has said the Seniors are leaders. Which class will be lead in to a party next?

The Cam-Hi widow has returned to join the girls in the matrimonial race. However, she has dropped to third place; two have gone on ahead.

Football Game Friday.

Next Friday afternoon, October 3 war will be waged between Rockdale High and Cam-Hi. It is understood that the H. E. will be the eleven men on each side, and the projectile will be the football. Rockdale will have to stand the mental agonies of a crushing defeat. Come out and make the first game a defeat for Rock-Hi and a great victory for Cam-Hi.

The Progress of The Game.

Hurrah! the season proclaims the reason. We football boys are on the field, So eager to begin, the games to win, And our best service to yield. Every day, in gaudy array, Out on the campus we appear, Practicing our game, hoping to win fame, For the Cameron High School this year.

This coming week we intend to seek More practice of the play, That we may learn how we can earn The championship of each fray. And accordingly we ask all who wish to play ball,

To come out each day at four, And we'll work you enough to make you quite tough, And, if you wish, still more,

We football boys are not mere toys, Or, as some may think, a crowd fools. We're boys who try to carry high, The ideals of the schools. So all you men who once have been, A happy football star, Come encourage the game, help us win fame, Both here at home and afar. —A Football Man.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.

F. J. CHENEY & CO., Toledo, O.

MOVING TIME FOR PULLETS

September is moving time for the hens and pullets which must be transferred from the range to their winter quarters as early as possible so as to be acclimated to their cold-weather environments before they begin to lay. Year after year poultry keepers neglect to ship their stock from the summer resorts to winter lodgings early enough, as this is one of the basic principles of best management, according to specialists of the United States Department of Agriculture.

If possible all small tools for the farm should be purchased on one order. This will save time and usually money. Also, it will entail a total expenditure sufficiently large to impress the farmer with the importance of giving systematic care to his small tools.

NUMBER 22

COMMERCIAL CLUB HAS BIG MEETING

Semi-Annual Election of Officers and Directors Proves Successful Affair.

The Semi-Annual meeting of the Cameron Commercial Club was held Friday night Sept. 26, 1919, a roll call showed the following present:

Officers: Robt. McLane, president; C. W. Lawrence, vice-president; Geo. T. Graves, treasurer; T. N. Herring, secretary.

Directors: W. W. Chambers, J. W. Coleman, W. G. Gillis, J. T. Parma, R. H. McIntosh, J. D. Dobbins, Giles Avriett, T. S. Henderson, John E. Mangum, E. A. Flinn, H. M. Hefley.

Committee chairmen: T. F. Hardy, J. Garrison, Monta Thomas, T. B. Wooten, W. M. Cobb, Frank Lesovsky, O. M. Smith.

Minutes of previous meetings were read and adopted.

Semi-Annual Reports from officers and Committee Chairmen were called for and the following responded: The Treasurer, Secretary, Committee Chairmen, T. F. Hardy, Finance, Geo. T. Graves, Good Roads; Frank Lesovsky, Home Industry and Factory; W. M. Cobb, Publicity.

After the reading of the reports a motion was made by W. W. Chambers and carried to adopt same as read.

The names of Newton McDonald, Jim Baskin and S. A. Cottle were proposed for membership and upon motion duly elected.

An account against the club for \$60 in payment of banquet at Auditorium Hotel was allowed and ordered paid.

Under head of new business W. G. Gillis explained that Mr. Jho. L. Spurlin of the Waco Cotton Palace desired that the club get behind a project to carry 250 Cameron people to exposition on October 31st, which has been designated as Cameron day, explaining that a special train would be operated and the fare for the round trip would be one and one half fare.

T. S. Henderson carried a motion that the club express its appreciation to the Cotton Palace officials and that Cameron be on hand that day 250 strong.

The next in order was the election of officers and a board of directors. In an eloquent speech U. S. Hearrell placed in nomination Mr. Robert McLane, who has been in this office since organization 18 months ago. Mr. Hearrell related that the true spirit in which Mr. McLane had served the club; the unselfish way in which he had acted in all matters, fitted him for the place better than anybody else. W. W. Chambers carried a motion that the nominations be closed and that the nominee be elected by acclamation. The vote, which was rising, was unanimous to a man.

Upon nomination by T. S. Henderson, Mr. W. W. Chambers was honored with the office of Vice-President, and his election was in the same manner as the president.

L. T. Lewis was elected Treasurer for the ensuing six months, the nomination being made by J. W. Coleman.

Next in order was the election of a board of directors. The usual custom of nominating 25 or more, placing their names on a black board and each member voting for 12, was followed. There were 34 placed in nomination and after the vote was counted the following were announced elected: John E. Mangum, J. W. Coleman, Geo. T. Graves, R. H. McIntosh, H. M. Hefley, T. S. Henderson, W. G. Gillis, J. D. Dobbins, Monta Thomas, Frank Lesovsky, C. W. Lawrence, J. T. Parma.

During the process of vote counting the program of speech-making which had been announced was carried out.

W. W. Chambers delivered a masterful address on "What the Commercial Club has done," and his speech rang with enthusiasm and cheers greeted him all the way through. Mr. Chambers is a wide-awake member of the club, he is ready to fight for Cameron and is always found driving the band wagon that carries the boosters.

"Future of the Commercial Club" by Judge W. G. Gillis was handled in his usual pleasing manner. He gave an outline of many things Cam-

(Continued on page 6)

MASS MEETING HELD LAST SATURDAY

Plans Outlined To Clean Up Cameron—You Must Do Your Duty In This Work.

In response to a call from Mayor John B. McLane and City Health Officer, Dr. J. G. Townsend, a mass meeting of the citizens of Cameron was held in the District Court room last Tuesday afternoon at 4 o'clock for the purpose of outlining a campaign for the protection of public health, as suggested by State Health Officer, Dr. C. W. Goddard.

Dr. Goddard has sent out repeated warnings that we may expect another epidemic of influenza this fall and winter and any preventative measures that can be taken to ward off this dreaded disease should command the attention of everyone.

A number of representative citizens assembled at the appointed hour; much interest was manifested and the "CAMERON CLEAN-UP CAMPAIGN" was launched.

Dr. J. G. Townsend was selected as superintendent of public health and Dr. John Denson, secretary with authority to outline a definite plan of work, appoint any committees necessary to carry out these plans and to begin work at once.

Friday October 3rd, was designated "CLEAN-UP DAY" in Cameron. All citizens are urged to lend every assistance in their power to carry out the plans of the Health Board.

The trash wagon will be started on that day and will be at the service of the citizens as long as there is any demand for it. Superintendent L. H. Kidd of our city schools, suggested that the interest and help of the school children be enlisted and that prizes be offered for the largest piles of trash collected by them.

Let every man woman and child get interested in this important matter at once. Self-protection demands it, if nothing else, and an ounce of prevention is worth a pound of cure.

Hearty co-operation is the only thing that will make this campaign a complete success. Don't be humiliated after it is over, by having to face the fact that you failed to do your part.

LEWIS S. PIERCE OPENING NEW STORE

As was announced last week in the Herald, The Lewis S. Pierce Dry Goods Store is this week being made ready for the opening on Saturday October 3rd. Mr. Pierce has been in Cameron since Monday getting things in shape. The new store will be located in the Horstmann building where F. J. Beckerman has conducted a harness shop for several years. The opening announcement and an outline of what the new firm will carry will be found on page 12 of the Herald this week.

Miss Emma Brewer who will have charge of the Ladies ready-to-wear arrived Wednesday and has been busily engaged since that time. A. F. Braum the manager of this store will arrive the latter part of the week. Mr. Pierce was quite fortunate in procuring the services of some of Cameron's most experienced salesladies. Mrs. Jim Hooks will have charge of the piece goods and novelty department while Miss Mamie Posey will assist Miss Brewer in the Ladies Ready-to-Wear. The shoppers of Cameron and Milam county are well acquainted with these ladies. Frank Henderson has accepted a position with this firm in the men's department and has already entered upon his duties.

COUNTY W. O. W. MEETING AT CAMERON OCT. 24TH

O. D. Baker will address a meeting of Milam county Woodmen at District Court room, Cameron, Friday, October 24th, at 8:00 p. m., in explanation of the new rates adopted by the Chicago session of the Sovereign Camp. Every W. O. W. Camp in the county should send delegates to this meeting and all officers are especially invited to be present and hear this explanation.

All Camps in the county have been notified of the meeting and a large attendance is expected.

TO THE CITIZENS OF CAMERON

To be able to withstand the bombardments of any disease, we must keep our bodies well fortified with the powers of resistance and vitality; then we would suggest, as a basis for good health, a first-class sanitary condition.

Next Friday, October 3rd, 1919, has been fixed as CLEAN-UP DAY in Cameron. We are calling upon every one in Cameron to do what you know to be your duty to yourself, and the people of Cameron on that day. Do not let the work lag, but get busy on that day—make your beginning and never let up on your job until it is finished. We expect you to not only clean up your own premises, but also your places of business and those vacant lots owned or controlled by you. The town has been divided into five sections, and each section will have its supervisor and committee who will look after the sanitary condition of that section and make reports to the Superintendent and Secretary of your Board of Health. Put your trash or garbage in the alleys and streets where it can be gathered up by the garbage wagon. A wagon, team and man has been secured to do your hauling of garbage. We do not dictate to you the means you shall use in doing your part of the "Cleaning up", but we do say to all those who have not cleaned up, that you MUST do it and do it at once. Some of us have and are still doing it, and the balance of us MUST do it. There is a penalty for violating the sanitary law and we warn you now, that all willful violators of this law in Cameron will be dealt with as the law prescribes.

BOARD OF HEALTH.

DR. J. G. TOWNSEN, Superintendent,
DR. JOHN DENSON, Secretary.

List of supervisors and district assigned to each. Co-operate with these gentlemen and do not hesitate to phone them and assist them every way possible.

District No. 1. Monta Thomas. All that section East of Maysfield road.

District No. 2. Giles Avriett. All that section North of 13th Street, West of Maysfield road and East of San Antonio & Aransas Pass Ry. Co.

District No. 3. T. N. Herring. All that section between 13th Street, Santa Fe R. Co., Maysfield road and S. A. & A. P. Ry. Co.

District No. 4. George Graves. All that section South of Santa Fe Railway Company.

District No. 5. John Mangum. All that section West of S. A. & A. P. Railway Company.

BAPTIST CAMPAIGN IS ENCOURAGING

County Chairman B. B. Blaylock Reports Good Progress From Every Direction.

Encouraging word comes from every direction that the Baptist 75 Million Campaign is meeting with hearty response. An unnamed Texas layman has given out the good word that he will give the profits from his large business for the next five years to this campaign. His business is capitalized at \$5,000,000.00, and his income last year was more than \$1,000,000.00. This man is not a Baptist but he believes in this great Baptist enterprise! Should this fine example not stir the hearts of our own people to a loyal example?

From another portion of the state comes the word that a brother, not a wealthy man, has given \$25,000.00 to the campaign. Still there are others who are considering the matter of making large donations.

A small country church, Button Prairie, accepts her quota and enters upon the work of raising it. Mt. Zion church, another small country church, says they can raise their quota, and even says they can do better than they have been asked. This church is pastorless. Burlington church accepts their quota and sends in a list of all their committees. Thus the good work is going on. The important thing for the campaign now is that the Booster Committees shall keep the matter before their churches constantly. Literature will be sent to them and it should be distributed among the membership.

The church organizers and booster committees and Campaign teams are urged to attend the meeting of the Association which convenes at Cameron October 8th. Be here especially on Thursday, the day that the Baptist 75 Million Campaign will be discussed.

B. B. BLAYLOCK,
Publicity Director.

Mrs. Harry Rogers, Sr., spent a few hours very pleasantly in the city last week with Mrs. Jeff Avera, being en route from Rosebud to her home in Rogers.

COMPTROLLER H. B. TERRELL RESIGNS

Salary Not Sufficient to Meet Living Expenses—L. W. Tittle Appointed.

Austin Texas, Oct. 1.—The resignation of Texas Comptroller H. B. Terrell, was announced late today by the governor. Mr. Terrell, who was serving his third term, said he resigned because the salary of the office, \$2,500 a year, will not meet his living expenses. L. W. Tittle, chief clerk, was appointed his successor by the governor.

BUYS INTEREST IN AUDITORIUM HOTEL

S. A. Cottle has closed a deal with J. S. Doane whereby he acquires an interest in the Auditorium Hotel of this city. Cottle is well known in Cameron, having left here about two years ago for Brenham where he stayed a few weeks before volunteering his services to help win the war. He spent about 15 months in overseas service and after the armistice was signed received his discharge and returned to Bryan where he managed the Hotel Bryan for Mr. Doane until last week he came to Cameron. Mr. Cottle will have the management of the Auditorium and with his wife will be citizens of Cameron. A large circle of friends are glad to welcome them back. They are good people and Cottle is the kind of man any town needs that is trying to grow, he is a good booster.

Grady Houston, who has been manager of the Auditorium has accepted a position with the Palace of Sweets and entered upon his duties there. He will handle his newspapers from this place and invites his friends to call there to see him.

OLD TIMER HERE.

A. D. Rogers, an old-time citizen of Cameron was in the city Wednesday greeting old friends. Mr. Rogers lived in Cameron many years ago and was undertaker for the J. D. Hefley Furniture Company. Mr. Rogers, while getting along in years, looks very young, he is now traveling for a house out of Chicago selling furniture. He will be remembered by many old residents.

ANNUAL CORN SHOW HELD SATURDAY

Prizes Awarded To Boys Who Produced Best Corn. Address By T. S. Henderson.

County Agent George Banzaf held the annual corn show for Milam county in Cameron last Saturday. There were more than 50 boys entered and enthusiasm showed that the County Agent's work during the year had not been in vain. The show was held in the old Dobbins Feed store and was a creditable display. The young fellows who brought in the prize ears were on the job and eager to learn who were the winners.

At 2 p. m. the judges, E. A. Flinn of Cameron, Ed Frazier of Ben Arnold and V. L. White of Maysfield, began the task of finding the best assortment and by 3 o'clock were ready to announce the prize winners.

Before the prizes were awarded Mr. Banzaf assembled the boys in the center of the building and made a short address. Hon. T. S. Henderson was the principle speaker for this occasion and gave the boys a most instructive talk. He urged the members to stay another year, and told those who were not awarded prizes not to be discouraged but to "give the other fellow a run for his money." Mr. Henderson called for those who were going to quit to hold up their hands and not a single one expressed a desire to drop out. A feature of the address by Mr. Henderson was telling the boys the way he used to raise corn in olden days and compared same to the modern way of farming.

After Mr. Henderson's talk the following prizes were awarded:

White Corn.
First Prize—Joe Kostrum, Cameron, \$10.00.
Second Prize—Wallace Moody, Jr., Minerva, \$8.00.
Third Prize—Wildon Black, Cameron, Route 2, \$7.00.
Fourth Prize—Elbert Henry, Minerva, \$6.00.
Fifth Prize—Wildon Caldwell, Rockdale, Route 3, \$5.00.
Sixth Prize—Allen Dodson, Burlington, \$4.00.
Seventh Prize—Preston Johnson, Cameron, Route 2, \$3.00.
Eighth Prize—George Ryan, Rockdale, Route 4, \$2.00.
Ninth Prize—Henry Schwartzing, Rosebud, Route 3, \$2.00.
Tenth Prize—Eugene Barmore, Cameron, Route 2, \$1.00.

Yellow Corn.
First Prize—Joe Henry, Minerva, \$10.00.
Second Prize—J. T. Howard, Cameron, Route 3, \$8.00.
Third Prize—Finis Middleton, San Gabriel, \$7.00.
Fourth Prize—Scott McGuire, Maysfield, \$6.00.
Fifth Prize—Charles Hollan, Cameron, Route 3, \$5.00.
Sixth Prize—Jennings Arnold, Buckholts, \$4.00.
Seventh Prize—Curtis Fisher, Milano, Route 1, \$3.00.
Eighth Prize—O. J. Cunningham, Rockdale, Route 3, \$2.00.
Ninth Prize—Noble Curry—Rockdale, Route 3, \$2.00.
Tenth Prize—Walter Harris, Cameron, \$1.00.

Special Prize—Lebertice Robinson, Cameron, Route 4, \$5.00.

Following is a complete list of entries made by the club members who entered the show:

White Corn.
Joe Kostrum, Cameron; Wildon Caldwell, Rockdale, Route 3; Elbert Henry, Minerva; Orbie Curry, Rockdale, Route 3; Otis Barrey, Rockdale, Route 3; Allen Dodson, Burlington; Henry Schwartzing, Rosebud, Route 3; Frank Storey, Cameron, Route 1; Frank Bayer, Rockdale, Route 3; Wallace Moody, Minerva; Preston Johnson, Cameron, Route 2; Eugene Barmore, Cameron, Star Route; George Ryan, Rockdale, Route 4; Qabertis Robinson, Cameron, Route 4; Wildon Black, Cameron, Route 4; Carl Bauch, Buckholts.

Yellow Corn.
Noble Curry, Rockdale, Route 3; Joe Henry, Minerva; Norman Curry, Rockdale, Route 3; Cartie Lanham, Minerva; Carl Sanders, Rockdale, Route 3; Luther Pickens, Rockdale,

COTTON CLASSER OUTLINES STAPLE

J. B. Simpson In Charge of Government Station Urges Farmers to Plant Long Staple.

United States Bureau of Markets in co-operation with the Extension Service of A. & M. College of Texas, J. B. Simpson, cotton classer in charge, says:

Producers of cotton have claimed for years that certain markets have discriminated against their product and that frequently within the same market intrinsic worth was disregarded and cotton was purchased on averages. All grades and staples bringing the same price.

That such a system worked to the detriment of the farmer who exercises care in producing a better staple and harvesting his crops is generally admitted.

To the question of staple, little thought has been given by producers in short staple sections, only the most progressive considering it of enough importance for them to devote time to the matter of general cultural improvements.

Producers in some localities who a few years ago knew nothing of staple cotton are now devoting time and money to the development of a staple that is specially adapted to their particular locality. In this study attention was given to staple length to ascertain whether it was a factor in determining the price paid the producer for his product.

A careful study of prices paid for cotton of 3-4 inch staple was as high as that secured by the producer of 1-6 and 1-8 inch staple cotton, while the latter is worth 4 1/2 and 8 cents per pound more or \$22.50 and \$40.00 more per bale.

The farmer should be convinced of the importance of producing good staple and of the care in picking and baling it. Proper storage after ginning would result in tremendous savings, as country damage assumes huge proportions.

Great economy may be effected through the co-operation of farmers in each community for the proper handling and marketing of cotton. Organizing on a community basis will permit the development and maintenance of a pure variety of cotton of a given length of staple.

When the cotton is ready for marketing, better prices can be secured by assembling it at a central point, having it properly classed, and offering it for sale in even running lots of grade and staple.

Varieties that produce a better staple should be grown by farmers such as Lone Star, Bennett Big Boll and Rowden which produce in normal years 1-8 inch staple and dry years 1-4 inch.

A disinterested classing service serves the interest of both the producer and cotton buyer. This tends to reduce some of the friction that under present conditions is constantly developing between buyer and seller.

The grading service enables the farmer to know the value of his grade and staple and co-operative selling enables him to realize that value in dollars and cents.

The local cotton buyers in Cameron will pay premiums on staple cotton in lots of ten bales or more.

Mrs. James Watson is back from a visit to her mother in Mooreville.

SERVICE

AN OLD WORD WITH A NEW MEANING

Modern, Up-to-Date Store Service means more than simply the selling of goods; it stands for increased Efficiency; it is the Acme of Value-Giving and assures Satisfaction with every purchase.

SERVICE—in its fullest meaning—is a fixed part of our store covenant.

HOUSTON, THE PREMIER COTTON MARKET

(Houston Post)

Houston has been showing the other cotton markets of the country a few things during the last week. After comparing the business of Houston with that of other big markets, Houston's claim to being the greatest cotton market of the South rests unchallenged.

The cotton interests of Houston were never so extensive, so strong or so aggressive as now. The development of the channel has attracted many strong new firms to the city and has stimulated old firms to enlarged activity. Millions in new capital have been invested in facilities here by cotton firms as the work on the channel has proceeded, and it is fitting that the opening of the Port of Houston as a cotton exporting port should find Houston at the pinnacle of its development as a cotton market.

With sales of cotton outnumbering those of all competitors, with ships carrying cotton direct from the port to Europe, with seats on the Cotton Exchange selling at new high records, and with facilities, both physical and financial, unexcelled for handling cot-

ton, cotton is king at Houston and Houston easily ranks as the premier cotton market of the South.

LEMONS MAKE SKIN WHITE, SOFT, CLEAR

Make this beauty lotion for a few cents and see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to whiten the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart pint of skin and complexion lotion about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach clear, smoothen and beautify the skin.

Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons

SAN GABRIEL NEWS

(Too late for last issue.)

Our world is chilled at present from the "norther" that blew up Monday morning. Also a heavy rain fell here Sunday night and Monday morning, delaying cotton picking for several days. Fields in this vicinity are heavily weighted with the fleecy staple, which is a snow-bank to behold and the problem of help for gathering is a serious one.

Seventy-three bales of cotton were ginned in San Gabriel Friday and fifteen left in the yards unginned.

Messrs. Gus Newton and John Davis were over from Thorndale Wednesday.

Mr. John James returned Wednesday from Houston.

J. D. Griffith was in Thorndale Thursday.

Mrs. Edna Felton and daughter, with Mrs. Hope Camp, were visitors in Bartlett Thursday.

Mr. Walter Clark received a stroke of paralysis one day last week from which he is yet quite sick.

Children of Mr. and Mrs. Warner Terry have been ill the past week.

Relatives and friends here are glad to welcome Clarence Baird from Corpus Christi, where he went prior to the storm in that city. Some uneasiness was felt as to his safety for several days as nothing could be learned concerning him. He returned home Tuesday.

Friends here of Mr. Hugh Stockton and family of Bartlett join in sympathy with his niece, Mrs. Edna Felton of our community, over the loss of the family in storm at Corpus Christi last week.

Odd Fellows and Rebeccas of San Gabriel Lodge enjoyed the treat of ice cream supper tendered by the Rebeccas here last Thursday evening.

Andrew Baird made the purchase of a handsome new Oldsmobile last Friday.

Dr. Leslie Richardson spent last week-end in Hearne.

Murrell Camp returned from a few days visit near Palestine Sunday.

San Gabriel home talent staged a play at our school auditorium Friday evening. A large crowd gathered to witness and enjoy what we pronounce a real good play and that each character acted his or her part perfectly.

J. P. Reeves is listed with the sick at present writing.

Gottlebe Yeager spent first of this week in Yoakum.

Mr. and Mrs. Jim Davis were shopping in Thorndale Thursday.

Mr. and Mrs. Smith, Misses Hellen Newton, Ivy Pettit and Norine Cowen and Messrs. Jack Cowen and Joe Norris, and Mr. and Mrs. Bertrand Camp of Thorndale, attended the play here Friday night.

Miss Anna Mae Camp spent Saturday in Rockdale.

Walter Felton has been on our sick list for several days.

On last Wednesday, 6th, the sad message was spread to the village and community that Mrs. Billie Barclay was dead. We have expected this message for a long time, to be announced at any hour but as it is of any friend, it still gives a shock, as a fact. She has been in failing health for several years and confined indoor, often to bed, for the past six or eight months. But when the journal of life closes with its leaves well writ and looking back over its record and no fault to be found, death is not a tragedy. Mrs. Barclay's life ended thusly and fifty-two years of her life had been spent in service for her Master. She was a good neighbor, true friend and a loving kind mother. Heaven is richer by her having gone there and it was to such as she that Jesus said: "I go to prepare a place for you." Funeral services were conducted by Rev. Roberts of Cameron at the Christian church. With tender hands we laid her gently to rest in Locklin cemetery on Thursday afternoon, under a mound of beautiful flowers. To her four children who mourn her loss we extend our greatest sympathy.

San Gabriel staged the play that was rendered here Friday night in Thrall Saturday night. Proceeds of both evenings is to be used for school purposes.

Rev. Roberts of Cameron was in our village Thursday.

Leonard Locklin has been listed with the sick.

Mrs. Lon Wright and children of Taylor attended the funeral of her mother, Mrs. Barclay, here last Thursday.

Ira V. Moody returned Sunday from a week's visit to relatives in Palestine.

Miss Isabelle Camp left Sunday for school in State University.

H. H. Camp and daughter, Lois, Gottlebe Yeager, Clarence Kirkman, Maurice Reeves, were in Thorndale Sunday.

John Moody and Felton Camp motored to Lexington Saturday.

Mrs. Edgar Williams returned one

day last week from an extended visit to relatives in Clarksville.

Mr. and Mrs. Ewing Cummings attended the ice cream supper at Lilac last Saturday evening.

Dick Dunham has arrived safely in San Gabriel from Germany. He brought home five citations for bravery while over there.

Brian Woody, one of the home boys, who has been working in Temple, has been moved to a larger field of work and will now be found in Waco.

PAPER FROM COTTON HULLS

As a result of experiments conducted by the Forest Products Laboratory of United States Department of Agriculture, a good grade of paper is being produced in commercial quantities from cotton-hull fiber. Pulp made from second-cut cotton linters and hull fiber, the forest specialists say, is well suited for the manufacture of book, writing, printing, blotting, cover, and other high grades of paper, and is equal in quality to the highest grades of paper stock.

COTTON PALACE WILL OPEN OCTOBER 25TH.

With a premium list larger than ever before, an amusement program unparalleled by previous expositions, and specialized departments more complete in every respect, the doors of the 1919 Texas Cotton Palace Exposition will swing wide to Central, East and West Texans Oct. 25, continuing until Nov. 9.

Directors of Waco's Cotton Palace this year have carried the gospel of the great Central Texas exposition to every section of the state. Bountiful crops and a growing spirit of prosperity in every section has given this Cotton Palace message a hearty response, with the result that more communities, more cities and towns throughout the state will be represented at this year's exposition than ever before.

Cotton Palace managers are making much this season of the community spirit. As a consequence exhibits from various parts of the state have bulged the exposition buildings. Agriculture, industry, business in gen-

eral, to say nothing of oil, will have their share. The exposition this year boasts a gigantic coliseum, erection of which followed destruction by fire of the former structure, reputed to be one of the best in the South.

The amusement program is both varied and excellent. Featuring it will be the world famous Isadora Duncan dancers, with George Copeland, pianist. Marie Rappold, American prima donna soprano of the Metropolitan Opera Company, and Arthur Middleton, bass baritone of the same organization, feature the music program of the exposition. Automobiles races, football games and hoppedrome sports round out the elaborate program.

Entries at the rate of five a day are already being received for the Cotton Palace's better baby conference which continues throughout the first week of the exposition. A full schedule of special days has been arranged likewise, including Women's Day, Press Day, and so forth. Season tickets for the exposition have already been placed on sale.

GOOD LUCK BAKING POWDER IS BOUGHT REGULARLY IN SOLID CARLOADS BY ROBT. McLANE GROCERY CO.

The above big solid car load of GOOD LUCK Baking Powder, containing 34,290 pounds, has recently been bought and received by the large Wholesale Grocery House, Robert McLane Company.

This wholesale grocery house believes in buying in a big way, getting in on rock-bottom basis and being in position to fill their orders promptly and in the manner most advantageous to their customers. When they buy GOOD LUCK Baking Powder in solid carloads, the goods are packed into a rain-proof car at the Factory door by careful employees and are not touched again until they reach the warehouse of Robert McLane Company. Hence they are always in position to ship their customers goods in perfect condition.

As to GOOD LUCK, it comes easy to them to buy in solid car loads, because the demand for GOOD LUCK is so heavy it requires only a short time to sell a carload. GOOD LUCK has been bought in solid carloads by jobbers for over twenty-five years and each year the demand for it grows greater and greater and the carloads more numerous. It is manufactured

in Richmond in two factories, filled with up-to-date automatic machinery for making a perfect Baking Powder in the most satisfactory and economical manner—machines for making the cans, for automatically weighing the powder accurately, depositing it into the cans, putting the tops on the cans airtight, and machines that put the labels and wrappers on the cans so fast that human eye cannot follow the operation.

The GOOD LUCK factories are served by four private railway sidings, affording facilities for loading twenty carloads per day—the largest Baking Powder plant and facilities in the country.

GOOD LUCK Baking Powder's high leavening strength, its superlative quality and its fair price have given it a hold in the home that cannot be shaken. The housekeeper has long since learned that GOOD LUCK is double strength and that one teaspoonful of GOOD LUCK will leaven as much bread as two teaspoons of other baking powders.

Thirty-seven mammoth carloads of GOOD LUCK, containing 1,980,281 pounds and equivalent to sixty-five

ordinary carloads, have lately been sold and shipped to Uncle Sam for our army and navy.

The largest order placed by the army for Baking powder was for GOOD LUCK. These tremendous purchases by the government were made after most exhaustive tests by the government experts and are very high testimonials to the merits of the goods.

Mr. Robert McLane is president and general manager of Robert McLane Company, and Mr. J. E. Mangum is buyer. These progressive business men, in addition to the Cameron house, operate a wholesale Grocery House in Caldwell, of which Mr. E. F. McCarty is house manager. By close attention to the interest of their customers and by giving a high order of service, these gentlemen conduct one of the most successful wholesale grocery businesses in the State of Texas.

Members of the selling corps of Robert McLane Company are: M. H. L. Brouddus, Mr. E. H. Balhorn, Mr. W. P. Mangum, Mr. W. B. Smith and Mr. C. E. Coleman.

CASTORIA

A LEOPARD CANNOT
CHANGE ITS SPOTS

Mr. Dodson, the "Liver Tone"
Man, Tells the Treachery
of Calomel.

Calomel loses you a day! You know
what calomel is. It's mercury; quick-
silver. Calomel is dangerous. It
crashes into your bile like dynamite,
cramping and sickening you. Calomel
attacks the bones and should never be
put into your system.
When you feel bilious, sluggish,
constipated and all knocked out and believe
you need a dose of dangerous calomel
just remember that your druggist sells
for a few cents a large bottle of Dodson's
Liver Tone, which is entirely vegetable
and pleasant to take and is a perfect
substitute for calomel. It is guaranteed
to start your liver without stirring you
up inside, and can not salivate.
Don't take calomel! It can not be
trusted any more than a leopard or a
wild-cat. Take Dodson's Liver Tone
which straightens you right up and
makes you feel fine. Give it to the
children because it is perfectly harmless
and doesn't gripe.

DECREASE IN LUMBER CUT

The lumber cut of the United States
in 1918 was 29,362,020,000 feet, as re-
ported to the Forest Service up to
June 15 by 14,753 mills. The com-
plete total cut is 31,890,454,000 feet,
based on the assumed operations of
22,546 mills. The computed cut in
1918 is 11 per cent smaller than the
computed production of 1917.

A comparison of the computed cut
of several of the larger general pro-
ducing regions in 1918 with the fig-
ures for the preceding year shows a
smaller output by approximately 20
per cent in the yellow-pine group of
States, a decrease of 19 per cent in
the North Carolina pine group, and
of 9 per cent in the Lake States. An
increased cut of 2 per cent is noted
for Oregon and Washington.

Billiard cues are chalked automati-
cally by a machine which revolves a
block of chalk as their tips are press-
ed against it.

THE BOOK.

A book upon my table
Lies open day and night;
I read it and reread it
With ever fond delight.

I read it and reread it,
And never have enough;
It speaks the heart of nature,
It speaks the soul of love.

I hear it in the tempest
Of deserts wide and far,
The onrush of the sea wave,
The night hymn of the star.

The echo of the heavens,
The voice of human soul,
The yearning and the searching
For life's immortal goal.

A book that never ages,
That breathes perennial youth;
A book whose burning pages
Impress with fiery truth.

I read it and reread it,
And gone are doubt and woe;
I feel it growing truer
As ages come and go.

I feel it will inspire
And thrill with force divine
As it is thrilling mine,
The heart of coming mankind

I feel its truth immortal
In every word and breath,
And know that souls are deathless,
And know there is no death.

—P. M. Raskin.

easily at night.

FIVE WAYS TO MAKE YOUR
BATTERY LAST LONGER

A list of five short rules on bat-
tery care has been made up for car
drivers by Mr. T. C. Whites, the local
Willard expert. These rules are easy
to remember, and if observed, will
have a marked effect on both battery
efficiency and life:

1. Keep battery charged and filled
to proper level with the distilled
water.

2. If your engine doesn't start
quickly make sure that gas and
spark are right.

3. Release starter at once when
engine begins to run on its own
power.

4. Keep your spark plugs in good
condition.

5. Prime the engine if it's cold.

In a new comb for drying the hair
a rubber bulb forces air heated by
electricity in the handle through per-
forated teeth.

ITCH!

isfied customer. Try Hunt's Salve
at our risk. For sale locally by
Pace-Marshall Drug Co.

WEEKLY FINANCIAL REVIEW.

Prepared for The Cameron Herald by
the First National Bank in
St. Louis.

The most recent data available
show that for the year ending June
30, 1919, total deposit liabilities in na-
tional banks increased by the amount
of \$1,902,356,000, or from \$14,021,609,
000 to \$15,924,865,000, and that loans
and discounts increased by the amount
of \$954,436,000, or from \$9,620,402,000
to \$10,574,838,000.

The increase in deposits, therefore,
exceeded the increase in loans and
discounts by the amount of \$948,920,
000, or close to 100 per cent. The rate
of increase in deposits for the year
was 13.6 per cent, as against 9.92
per cent for loans and discounts.

A substantial portion of the in-
crease in deposits, it appears, must
therefore be accounted otherwise than
by an increase in the commercial
loan account of the banks. The sig-
nificant change in their resources is
found in their investments in Govern-
ment bonds and in Treasury Certifi-
cates. These increased by the amount
of \$1,055,127,000, or from \$2,116,785,
000 to \$3,171,912,000, an increase of
49.8 per cent. It thus appears that
the increase of deposits noted above
is to a considerable extent to be re-
garded as a pure credit expansion not
called for by increased industrial ac-
tivity, but occasioned by the use of
the banks' credit for Government fin-
ancing.

A long wooden handle, widened at
the end, has been patented to which
a wash cloth can be fastened to serve
as a bath brush.

BRINGS WONDERFUL
PRESCRIPTION TO ALL
ECZEMA SUFFERERS.

Zemerine, the latest scientific pre-
scription for the treatment of ec-
zema, itch, and similar skin diseases,
is now sold in leading drug stores.
Until recently it was the guarded
formula of a great physician, and
men have paid a higher price for
the treatment, but now it is within
the reach of every sufferer.

It's time to say good-bye to in-
flamed and burning skin. Farewell
to irritating and, unpleasant sores,
splotches, and blots which mar your
face and make you uncomfortable.
Zemerine can give you relief at it
has others. Give it a trial under
our guarantee, your money back if
it fails to benefit you.

Simple directions accompany each
bottle. Sold in two sizes, 50 cents
and \$1. Start today and learn what
relief means. If your druggist can't
supply you, the Zemerine Chemical
Co., Orangeburg, S. C., will send you
a bottle prepaid upon receipt of the
price.

THE CAMERON HERALD

Published Every Thursday by
THE TERRELL PUBLISHING COMPANY

Entered in the Post Office at Cameron, Texas, as mail-matter of the second class, under an Act passed by Congress March 3rd, 1879.

Subscription Per Year\$1.50
Payable in Advance.

Subscribers are requested to keep up with the date set opposite their name. The Postal Laws will not allow us to send your paper after your subscription expires, and all papers will be discontinued at the expiration of time paid to.

Thomas N. Herring, Manager

Cameron Texas October 2, 1919.

Pay up day never bothers anybody who pays down for what they get.

Cotton-picking is the order of the day. Milam will make her share again and don't you worry.

Running in debt is like running into a mudhole with your car. It is easy to get in but hard to get out.

Another new dry goods firm for Cameron; progress is the order of the day here. Come to Cameron.

We are with these price-fixing committees but would prefer that some fellow start a scheme for fixing them lower.

It might be of interest to Americans to note that Germany is already underquoting America for the steel trade in Italy.

The circus has come and gone and we failed to see the old-fashioned man that used to swing on to his team while the parade was passing.

The Cam-Hi football team is working hard to defeat Rockdale tomorrow afternoon. Let's be on hand to see that the home team makes the first touch-down in proper order.

Our old suit of three summers is past the patching stage, even darning will do no good, but our other one has been "airing" for a week, so why should we worry?

When a woman is elected to office and is married during the term, does she keep on signing her own name or that of the other fellow? No allusion now.

It keeps the mothers hustling these mornings to get the children off to school, but they can console themselves with the reflection that in one more month the clocks will be turned back an hour.

Keep your eye open for something good for Cameron, let's don't spend a moments time in knocking the other fellow, get busy and be a benefactor instead of a "mud-slinger."

Government cotton classer, J. B. Simpson contributes an article to the Herald this week on long staple cotton. If the farmers of Milam would heed this advice the same land that is now producing short staple cotton would produce the long staple which would bring from \$25 to \$40 per bale more. Is this advice not worth heeding?

One reason, as we take it, the government's sale of foodstuffs has not met with the success expected is that few men, under present conditions, can pay a week in advance for what they eat.

The Cameron Commercial Club pulled off a big meeting last Friday night. The attendance was the largest since organization and enthusiasm ran high. Those who attended pronounced it the best ever held in the 18 month's existence.

Again this week we rise to ask that you look over the advertisements in the Herald. Cameron's dry goods stores are all loaded with new fall wearing apparel, every line of business is well represented; and we further call your attention to Cameron merchants' ads exclusively.

Removal Notice

I have moved my harness store and shop on Houston Avenue to the building back of the Cameron State Bank.

The following boys and girls of Cameron and adjoining towns will enter the two Baylors this week for the coming year's work:

Baylor University, Waco:
Misses Kathryn Flinn, Ruth Coleman, Nadine Bragg, Mable Jeter, Sue Harlan, Louise Green, Lois Stribling; Messrs. Mike Coleman, Jim Coleman, and Robt. Pool.

Baylor College, Belton:
Harriett Henderson, Owen Bacon, Lorene Goodwin—Cameron; Annie Lee Peoples—Milano; Laura Bailey, Lula E. McKinney, Lorraine McKinney, Willie Fontaine—Jones Prairie; Irene Moody, Edna Moody—Minerva; Gladys Barmore, Ada Belle Barmore—Vance Randolph—Maysfield; Ruth Walker—Branchville.

SPECIAL DAY AT BAPTIST CHURCH SUNDAY

Next Sunday is "Rally Day and Promotion Day" at the Baptist church and is desired by the Sunday school management that we have the largest attendance we have had during the year. We want to set new standards for attendance. Let's break all previous records!

It will also be the occasion for the installation of the newly elected officers and teachers. It is hoped that every officer and teacher will be on hand next Sunday morning and take his or her place and begin the year's work in a great co-operative way.

The Pastor will address the Sunday school next Sunday morning, giving a special message to the new officers and teachers. It is desired that the parents, especially, will be present.

Special music. Come, you will be welcome.

B. B. BLAYLOCK, Pastor.

The Mothers' Club held its regular monthly meeting in the school building Wednesday afternoon. The special feature of the program was an address by Dr. John L. Denson; subject: "Health and Sanitation." The Mothers' Club is behind every good movement in Cameron and this program was arranged with the view of intensifying the interest in the Cameron Clean-Up Campaign.

The Baptist Young Peoples Union held a social meeting in the church parlors last Friday night. This occasion was planned as a compliment to the goodly number of young people from the Baptist church who were soon to leave for school and for the teachers in the public school who are members of this church. Those attending enjoyed a delightful evening. Old-fashioned games were played and peanuts, popcorn, stick candy and soda pop were served.

TEACHERS' EXAMINATION

An examination for teachers' certificates will be held in the examination room of the new postoffice building on Friday and Saturday, October 3rd and 4th. All grades and classes of certificates will be issued upon this examination. The regular fee of \$2 will be charged each applicant. Examinations will commence at 8:30 a. m.

Schedule of Subjects:

Friday morning—Physical Geography, Composition, Arithmetic, Literature, Solid Geometry.
Friday Afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry, Psychology, Book-keeping.

Saturday Forenoon—Spelling, Writing Methods and Management, Civics, Reading, Chemistry, History of Education.

Saturday Afternoon—United States History, General History, Agriculture, Algebra, Physics, Plane Trigonometry.

JIM F. CHADWICK,
County Superintendent.

COMMERCIAL CLUB HAS BIG MEETING

(Continued from page 1)

eron could have by co-operation. Especially did he favor the upkeep of the roads the club had been instrumental in building. "Markets should be established in Cameron to care for everything the farmers raise" said Judge Gillis. He declared there was a future for the club that had no bounds and urged that every member be up and doing along the line of making a bigger and better Cameron.

"Benefits Derived from Honorary Membership" was the subject assigned to Hon. Thos. V. Adams of Buckholts, and there not a man who could have handled same any better. Mr. Adams gave the club a good talk and was enjoyed by every one present.

The speech-making closed, W. G. Gillis got the floor and advised that a few members of the club had decided to present Hon. U. S. Hearrell with a little token to show their appreciation of his work in the club, especially has he been handy in entertaining the aviators. Judge Gillis made an elaborate speech and had everybody guessing until he produced a paste board airplane about four inches square and presented to Mr. Hearrell. The acceptance was in Mr. Hearrell's usual style of doing things.

After the business session the members assembled in the dining room of the Auditorium Hotel, 132 strong, where Manager Grady Houston had arranged a most delightful luncheon, consisting of various sandwiches, coffee, tea, etc. The tables were artistically arranged and decorated with pretty white linen and flowers.

After a few minutes of eats and good conversation, toastmaster for the occasion, U. S. Hearrell, called the house to order and the fun began. Mr. Hearrell did just as he always does, made everything fit and the fellow who didn't laugh was either a grouch or it was when the joke was on him.

Following is the list of toasts responded to:
"What will the Commercial Club be in 1925?"—Robert McLane.

YOU'LL WIN

PALACE OF SWEETS

"Your Satisfaction Is Our Success"
STEDMAN & SHARPE, Props.

"What Would Cameron Do Without The Commercial Club?"—Mayor Jno. B. McLane.

"What is The Matter with Little Bohemia—Down By the Santa Fe?"—T. J. Parma.

"Who is the Greatest Profiteer—the Editor who Charges \$20 for a page Ad, or the Merchant who Sells Shoes at \$12.50 per?"—Official Ad-journer—W. M. Cobb.

"Who Put the Buck to Buckholts?"—Thos. V. Adams.

"How are You Going to Keep 'Em Away From Bankers' Row?"—H. M. Hefley.

"Is it Cheaper for a Food Administrator to Fight The High Cost of Living Single or Double?"—T. F. Hardy.

"Will Cameron Remain in Darkness or Shall There be Light?"—Mr. Walter Lawrence.

"Which pays the Biggest Dividends—Banks or Bulls and Silos?"—Geo. T. Graves.

"What I Knew of Cameron Before

the Civil War, and Now."—T. S. Henderson.

"When will Lumber and Building Material Reach the Top Notch?"—R. P. Jeter.

"What the American Boys did to the Dutch at St. Mihiel."—Jim Baskin.

WANTED AT ONCE

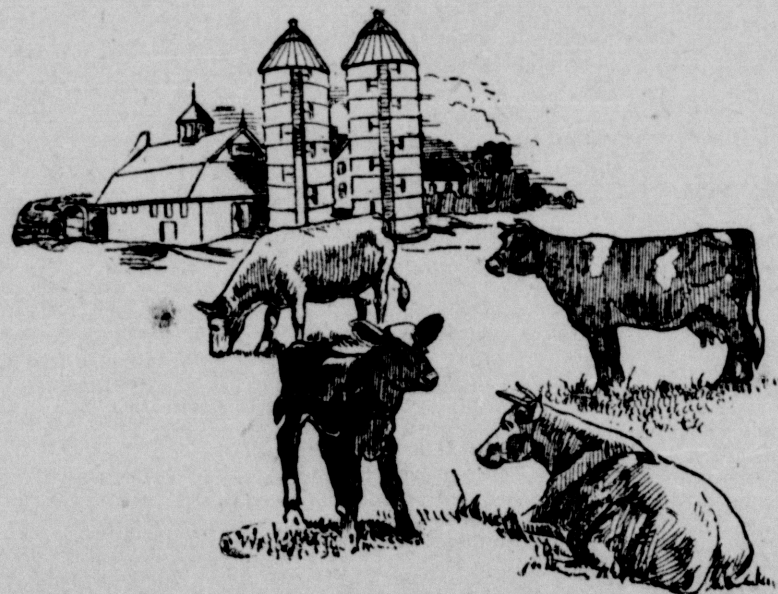

Applications from efficient men and women, who desire to act as census enumerators.

Examinations will be held at the county seat October 27, 1919.

Census will be taken through the month of January, 1920, and salaries will average from four to six dollars a day.

Returned soldiers, sailors and marines preferred.

Applications should be directed to Mrs. Roy E. Smith, Census Supervisor, Hillsboro, Texas.

America's Greatest Need!

America must increase its dairy herds. There are only 24,000,000 milch cows in the United States today, as compared with about 35,000,000 in 1914. Dairy cows by the millions have been slaughtered for food, by Denmark, Sweden and Norway particularly. All Europe's dairy herds have been sadly reduced.

This country must provide and sell dairy products to all Europe. We need more than 45,000,000 milch cows to do this adequately.

The farmer who increases his dairy herd now is not only doing his duty to the world, but is certain to profit in a big way.

This should interest this community. Is it going to benefit by owning more and better dairy cattle? We have the land to feed them on, we have the brains to care for them and take the profit. THIS Bank has the money to finance their purchase if our assistance is needed.

Come in and let us talk this dairy problem over.

DIED IN DALLAS

Wirt Frank Smith, son of Mrs. Jennie T. Smith of this city, died in Dallas last Friday and was buried in Cameron Saturday morning, Sept. 27, 1919, at 10:00 o'clock. Funeral services were held at the Baptist church, conducted by Rev. B. B. Blaylock.

Mr. Smith was well known in Cameron, having lived here when a boy.

He is survived by his mother, two brothers, W. T. and Robt. Smith of Cameron, and two sisters, Mrs. Reynolds and Mrs. McClure of Dallas.

Consistency.

(By Sarah G. Simpson.)

Consistency is one of the fundamental qualities of discipline, and from my own experience I have found it to be most important. It should always be accompanied by kindness. More mothers have trouble with their children because of their own inconsistency than for any other one reason.

Johnnie comes home from school and asks, "Mother, may I go over to Billy Baker's to play?" and mother, knowing that Billy's influence is not good, refuses. Johnnie displays more or less temper, but mother is firm, and Johnnie stays at home. A few days later, however, Johnnie makes the same request, and mother, who is entertaining a caller, lets him go for a little while. This is a case of inconsistency, and, in order to save one scene, mother is laying a good foundation for many more. The probability is that had she replied, "mother has told you before," the matter would have ended there, or even if he had cried a little and "made a scene," the son would have had a valuable lesson and learned that mother meant what she said. His love for the moment might have been shaken, but eventually Johnnie would have been a happier boy and his love and respect for his mother would have been greater.

The value of consistency cannot be over-estimated. The tiniest baby should be dealt with kindly, but firmly. A mother can develop the teasing habit in her child while he is still in his cradle if she lacks this quality of consistency. At one time when her baby cries she does not pick him up for she says: "It is no good for him and he is forming bad habits." But the next day if she is nervous and unwilling to endure his noise, she yields "just for once." The result is that she gives in to her child more or less through his later childhood.

Again, with an older child, the mother will partially concede, a sort of compromise, and the child is keen enough to know that he has gained his point and each time he will seek to gain a little more, until the mother realizes when it is too late, that her problem is great and her word really has very little weight.

My advice is: be considerate in your requirements of a child and then be consistent in seeing that these requirements are carried out. Irritable, nagging mothers and unattractive nervous children would be almost un-

known if the former could realize the importance of kindness and consistency. Lack of sympathy and strained relations between parents and their older children often spring from habitual inconsistency.

Perhaps the most important thing of all is this: When you make legitimate request you must know within yourself that you expect it to be carried out. Then if you are disobeyed you must calmly, but definitely and emphatically, see to it that your request is complied with. This method cannot be practiced today and neglected tomorrow, but must be consistently followed.

The future happiness, character and well-being of your little one depends entirely upon firm, wise and consistent guidance. It is these fundamental qualities of mother discipline that train the strong-willed little sons and daughters into splendid men and women.

Help to reach all the parents of the country by cutting this out and passing it on to a friend.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, blind, bleeding or protruding Piles, and you can get restful sleep after the first application. Price 60c.

Self-appreciation is a good thing. When a man knows exactly what he is, he knows what he is not.

We are proud of the confidence doctors, druggists and the public have in 666 Chill and Fever Tonic.—Adv. 18

Your war savings stamps will prove good medicine if illness comes.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

AMERICAN LEGION NEWS

From American Legion Weekly

The only American soldier who lost both eyes and hands in the war is to be voted an extra war risk payment of \$100 a month. He is Harry Bitter, of Dubuque, Ia. The bill only awaits the signature of the President.

Monsieur Vanhee, a farmer living near Ypres, gave twenty sons to the service of France in the war. Thirteen were killed, three disabled, and one was wounded four times. Monsieur Vanhee himself was shot by a German patrol in October, 1914. In addition to his sons, his fourteen daughters did much for their country behind the lines.

The man, who single-handed, captured thirty-nine Germans in the Argonne, winning the D. S. C., was killed a fortnight ago by a speeding automobile in Memphis, Tenn. He was Corporal Eric C. Huffstetler, of Birdell, Ark. After his discharge from the Marine Corps he had re-enlisted to help the recruiting.

On April 27, 1882, some one mailed a letter from the Ebbitt House in Washington to Colonel Charles E. Sherman, then staying at the Metropolitan Hotel, a few blocks away. On September 8, 1919, the letter was returned to the New Ebbitt Hotel undelivered. Fifteen postmasters have come and gone while that letter has been looking for its addressee. If Colonel Sherman will now claim his letter he may find that it invited him to the theatre thirty-seven years ago.

Every week in the three months preceding the armistice five hundred officers and men of the A. E. F. were arrested in Paris. Many of them were deserters, but some of them were A. W. O. L. Major Bennett, inspector of the Paris district, says that the Paris command had to contend with very difficult conditions. It was a hard life on duty in Paris.

A much-fetched man at Newport now is the Italian Admiral, Hugo Conz. A year ago he was blacking boots for Turkish officials in Constantinople, there he was chief of the Italian Secret Service.

Eddie Rickenbacker is laying his plans for a trans-Pacific flight, in competition for the Ince prize of \$50,000. He intends to have an airplane built according to his own specifications.

General Pershing wore a Sam Browne belt when he landed in this country. There was considerable discussion as to who should call him down for it. The result was that he kept his belt.

Wireless telephones have been working across the Atlantic recently. The Radio Agency at Christiania, Norway, has heard a voice calling from the United States. The voice was perfectly clear, but could not be answered because Christiania has no sending device for wireless telephony.

The Oklahoma Chapter of the Rainbow Division Veterans at their first reunion endorsed the Legion and what it stands for. The body, composed largely of the Tulsa Ambulancers, which was organized by Captain

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Hector Lareau, has decided to exclude Captain Lareau from membership, charging him with conduct unbecoming an officer under fire in France.

Enlisted Soldiers who obtain their discharge conditional upon re-enlistment will be granted travel pay similar to that given enlisted men who receive unconditional discharge.

GOOD COVERS FOR HAYSTACKS

High prices of hay makes it essential that farmers top off their haystacks with proper covers for protection of the dry forage against weathering. A cheap and simple cover may be made by spreading a layer, about four inches thick, of some coarse grass, such as millet, sudan grass, fine sorghum, or some coarse wild grass over the top of the stack or rick, placing long poles permanently in place by the use of wires weighed down at both ends. Where the hay is stacked out of doors in oblong ricks, a satisfactory cover may often be made by using 12-inch boards 1 to 1 1/4 inches in thickness, cut as long as the ricks, which may be wired together and lapped like shingles to form a satisfactory cover over the hay. Some farmers have been successful in using crimped galvanized roofing or

It is a powerful and scientific combination of sulphur and other healing agents for the relief and cure of diseases of the skin. It is especially effective in the ITCHING VARIETIES; giving instant relief from the itching and smarting sensations and by its germ-destroying properties it exterminates the microbe which is the cause of the eruption, thus curing the disease completely.

Littell's Liquid Sulphur Compound is used in all cases of Eczema, Tetter, Barber's Itch, Psoriasis, Herpes, Rash, Oak and Ivy Poisoning, also for relieving the annoyance caused by chiggers and mosquito bites.

In the treatment of ECZEMA—the most painful and obstinate of all skin diseases—it is one of the most successful remedies known.

Small size 50 cents bottle, Large size \$1.00
JAMES F. BALLARD, Prop. St. Louis, Mo.

A carpet sweeper or vacuum cleaner should be used in the daily cleaning of the carpets and rugs. A vacuum cleaner operated by hand or electric power removes practically all the dust and dirt from the carpets and rugs in a dustless manner.

The duty of happiness should be taught alongside the happiness of duty. Nothing is more important than laughter.

Put the War Savings Stamp skid chains of Thrift on your car in preparation for a rainy day.

HOURLY SERVICE.

It Cost Just 20 Cents More
To Produce the Big One than it did the Run

THE BIG ONE WAS FED AVALON FARMS HOG-TONE

—The Liquid Hog Conditioner, Fattener and Worm Remover—

—THE RUNT WASN'T

THEY both started life at the same time and weight. They were given the same feed under the same conditions - with one exception. The big one got his regular dose of AVALON FARMS HOG-TONE—the Liquid Hog Tonic, Conditioner and Fattener—and the runt didn't.

The big one is the kind that tops markets and brings big profits to the pockets of the hog raiser. The runt cost more to raise than he will ever bring in the market. And the difference was brought about by 20 cents worth of AVALON FARMS HOG-TONE. HOG-TONE puts new life into hogs—makes them eat more and grow fat at an amazing rate. It helps them to combat disease and eliminate the worms that are the hog raiser's greatest enemy. Splendid for premium shows—helps to produce healthier, sturdier pigs. Come in the store—tell us the number of your herd—and we will give you enough HOG-TONE to treat all your hogs 60 days. You don't give us a penny. If the results of the HOG-TONE treatment fail to satisfy you, it will cost you nothing.

FOR SALE BY

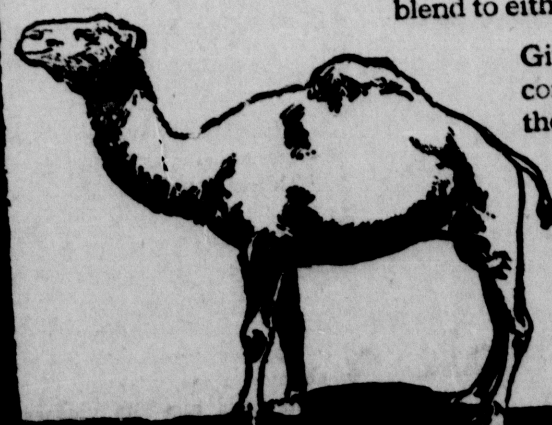

E. O. SCHILLER

CAMERON, TEXAS

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigarette after-taste or any unpleasant cigarette odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. No matter how liberally you smoke Camels they will not tire your taste!

R. J. REYNOLDS TOBACCO CO.
Winston-Salem, N. C.

IF YOU ARE INTERESTED IN PAINTS AND VARNISHES THEN READ THIS AD

For over 29 years we have sold Paints and Varnishes and for 20 years under the Sherwin-Williams Label. Our reasons for selling Sherwin-Williams' are as follows:

FIRST. Because it is the best paints and Varnishes made and by far the most durable that can be bought.

SECOND. Sherwin-Williams Paints costs you Less per gallon, therefore, less per job, than any other paints sold.

THIRD. They make a paint for every purpose and when properly applied it will not crack, chip or peel, and is always of uniform quality; in fact, the formula is on every can and is U. S. Standard measure.

It is our opinion that there is more money wasted in the buying of inferior paints and varnishes than in any other line; in fact, the price of paint per gallon means nothing, depending entirely on what a paint contains.

In investing your money in paints and varnishes, it will pay you well in dollars and cents to buy the Sherwin-Williams Line and if you will figure with us on your paint and varnish needs we will prove our assertions. We can save you at this time at least 50 per cent on your Wall Paper purchases, provided you can find what you wish in our stock.

Geo. A. Thomas & Sons

CITATION

THE STATE OF TEXAS)
County of Milam)
To the Sheriff or any Constable of
Milam County—Greeting:

You are hereby commanded to summon Andrew Williams by making publication of this citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, if there be a newspaper published therein, but if not, then in any newspaper published in the 20th judicial district; but if there be no newspaper published in said judicial district, then in a newspaper published in the nearest district to said Milam County, to appear at the next regular

term of the District Court of Milam County, to be holden at the court house thereof in Cameron, on the 10th day of November, 1919, the same being the 2nd Monday in November, 1919, then and there to answer to a petition filed in said court on the 24th day of November, 1919, in a suit, numbered on the docket of said court No. 8017, wherein Mollie Williams is plaintiff and Andrew Williams is defendant. This suit is for divorce upon the ground of more than three years abandonment of plaintiff by the defendant with intention of permanent abandonment commencing in October 1915, plaintiff praying for dissolution of the bonds of matrimony existing between her and defendant and for costs of suit and general and special relief, etc.

Herein fail not, but have before said court on the said first day of the next term thereof, with your return thereon showing how you have executed the same.

Witness: PENN WOLF,
Clerk of the District Court,
Milam County, Texas.
Given under my hand and the seal of said court, in Cameron, this the 24th day of September, A. D. 1919.
PENN WOLF,
Clerk of the District Court,
Milam County, Texas

MILAM COUNTY BAPTIST ASSOCIATION MEETS—CAMERON

Milam County Baptist Association will convene with the Cameron Baptist church Wednesday night, October 8, at 8:00 o'clock. The introductory sermon will be preached by the Rev. C. R. Steward, the new pastor at Rockdale.

Organization of the body will be perfected at the Wednesday night service and all day Thursday will be given over to matters pertaining to the Baptist 75 Million Campaign and related interests. The chief speakers of the day will be Dr. B. W. Vinning of Dallas and Dr. J. C. Hardy of Belton Baylor College.

We are confidently expecting one of the largest attendance at this meeting ever had at our annual gatherings. Never have we been confronted with such important matters as we are today. The churches are urged to send their full quota of messengers, and to be with us in the first service.

This will be the first session of the Milam County Association. Heretofore it has been "Little River Association."

B. B. BLAYLOCK,
Moderator, Milam Co. Baptist Ass'n.

RALLY DAY PLANNED FOR NEXT SUNDAY

In keeping with the spirit of the commercial world at this season of the year, our churches are beginning to get busy and are putting forth extra effort to reap the fields already white for harvest.

Next Sunday is "Rally Day" in some of our Sunday Schools.

The Baptists, who have just completed a Sunday School census of the

town and are well-informed as to the available material have set as their goal 350 at Sunday School next Sunday.

Last Sunday morning a missionary program was carried out by the Junior, Primary and Beginners Departments, and an offering amounting to almost two hundred dollars was made to State Missions.

The Presbyterian Sunday School will observe "Rally Day" with appropriate exercises next Sunday and an offering for Sunday School extension will be made.

It is the desire of every school in our city to increase its membership, especially the adult membership. Let no one make the mistake of looking upon the Sunday School as an organization for children only. Enroll in some Sunday School next Sunday morning for a systematic course of Bible study.

PRESBYTERIAN CHURCH

Sunday is the first Sunday of the new quarter, and so in addition to the usual services we will have at the morning service the sacrament of the Lord's Supper. The session will meet at 10:45 a. m., for the convenience of any who wish to unite with the church. Evening service at 8:00 o'clock.

clock.

Sunday is "Rally Day" in the Sunday school. We are looking for all the old members and a fine bunch of new ones for that day.

OAKVILLE SCHOOL DISTRICT.

STATE OF TEXAS)
County of Milam)

Notice is hereby given that an election will be held on the 10th day of October, A. D., 1919, at Oakville, (white) school house in Common School District number 32 of this County as established by order of the County Board of Trustees of date the 7th day of April, 1919, which is recorded in Book 7, Page 44 of the book designated "Record of School Districts," to determine whether a majority of the legally qualified property tax-paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of \$3,000 the bonds to be of the denomination of \$150 each, numbered consecutively from one to twenty, both inclusive, payable serially in twenty years from date and bearing five per cent interest per annum, payable annually on April 10th of each year to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this State and County and who are resident property tax payers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this County by order made on the 16th day of September, 1919, and this notice is given in pursuance of said order.

Dated the 16th day of September, 1919.

YOU ARE CORDIALLY INVITED

To visit our interesting and instructive exhibit at the Dallas State Fair, Louisiana State Fair, Shreveport, Cotton Palace, Waco, and Pittsburgh Fair, Pittsburg. We invite all our twenty-six thousand former students, one and all, their friends and those interested in America's largest business training school to visit our

booth in the Exposition Building, and see our splendid exhibit which has won first honors at four state fairs. Our exhibit will be interesting and educational to old and young. We will have demonstrations on some of the most modern office appliances which are taught in our school, exhibit of student's work in Bookkeeping, Business Training, Shorthand, Typewriting, Business Finance, Penmanship, Cot-

ton Classing and Telegraphy. A visit to our exhibit will show you why we have the largest school of the kind in America, you will see clearly why it is that we can make you a more practical and thorough stenographer in three and one-half months with the famous Byrne Shorthand than other schools teaching other systems can in seven months, and why it is with our original copyrighted system of Bookkeeping and Business Training we can give you both a course of Bookkeeping and Business Training in less time than other schools teaching other systems can give you a mere theoretical course of Bookkeeping, and why it is that our practical department of Telegraphy, the largest in the United States, with a loop of the Cotton Belt train wire, giving every message to our students every station blank and record book that is used by the Western Union or Cotton Belt Railroad, turns out practical operators and station men; and that we place our graduates into good positions also investigate the practical manner in which we teach cotton classing.

Write today for catalogue and read what we guarantee to give you, what our former students say we have given them, and what their employers say of their efficiency. Get facts, and you will decide at once the kind of education you want and that the T. C. C. is the only place to get it. Address the Tyler Commercial College, Tyler, Texas.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

NOTICE TO FARMERS.

We have just received a new shipment of Paris Green. Call and get a supply to poison the worms and weevils. New Camron Drug Co. tf

WHAT TO DO WITH THE GIRL

(By Cora M. Miley.)

To every mother comes the puzzling question of what to do with the children during their leisure hours. Most of us follow the line of the least resistance, allowing them to attend picture shows promiscuously, to read books of their own choosing, and to visit their little friends frequently. It is an inexorable law of nature that every act or deed in our later life is the harvest of what we have done or what has been done for us in our earlier days. So, we should not be surprised that a girl's mind, over-stimulated by sensational and overdrawn picture shows, rendered unhealthy by the same sort of books—for what child can choose reading matter wisely?—and satiated by too much contact with other children, develops in her high school days into a morbid, melancholy restless creature, happy only when she is "on the go."

If we mothers could look before us and see what we should do, as well as we can look behind us and see what we might have done, all would be well; but this being impossible, we make many mistakes. The chief reason for these mistakes and indulgences is a desire to make our children happy, so we seek the easiest means to accomplish this, we try to keep them amused. We have not learned that real happiness comes from other things as well, from being busy, from creating something, from gaining knowledge, from observation of life and nature, from helping others. In short, one secret of happiness lies in being sufficient unto ourselves—that is, in being resourceful. This is not taught at school; in fact, only a very goes on in the schoolroom. How can small part of the child's education a girl be taught to find pleasure with herself; to be wholesome and happy under all conditions? The answer is, by teaching her the simple elements of cooking and sewing; by arousing an interest in nature; by reading good books with her; by making her see she is of use to others.

Habitual Constipation Cured in 14 to 21 Days

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:

"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE

CARDUI

The Woman's Tonic

"I took four bottles,"

Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

CAMERON'S NEW DRY GOODS STORE—BECKERMAN OLD STAND—MAIN STREET.

GALVESTON AMENDMENT

Galveston, Texas, Sept. 25, 1919.
To the people of Texas:

One of the amendments to be voted on in the coming November election is that authorizing the City of Galveston and County of Galveston to issue bonds not to exceed in the aggregate five million dollars (\$5,000,000) for the raising of the grade and to provide other storm protective works, and to levy the necessary taxes to meet the interest and sinking fund; provided that no such bonds shall be issued unless authorized by the majority of all the qualified taxpaying voters of the city, if issued by the city, or of the county outside the city if issued by the county.

Of the five million of bonds, the city seeks authority to issue four million and the county one million. This is an amendment that embodies the principle of local self-government. It simply authorizes the taxpayers of the City or County of Galveston upon a majority vote to issue storm protective bonds and tax themselves to meet the interest and sinking funds necessary to care for same.

The adoption of this amendment will not cost the people of Texas outside of Galveston County one dollar either directly or indirectly.

There is no sound reason for any one voting against this amendment. We, therefore, respectfully and earnestly ask the qualified voters of our state to vote for the adoption of said amendment, and thus make it possible for our city to complete its protective works.

Galveston Com. Association.

THE STATE OF TEXAS

To the Sheriff or any Constable of Milam county—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Milam, State of Texas, and you shall cause said notice to be printed at least once each week for the period of ten days exclusive of the first day of publication before the return day hereof:

Notice.
THE STATE OF TEXAS

To all persons interested in the estate of D. Kirkland, deceased, James B. Brewer has filed in the County Court of Milam County, an application to probate the Will and Last Testaments of D. Kirkland, Deceased, which will be heard on the First Monday in October, A. D. 1919, same being the 6th day of October, A. D. 1919, the Court House thereof, in the City of Cameron, at which time all persons interested in said estate may appear and contest said application if they see proper.

HERE FAIL NOT, under penalty of the law, and of this writ make due return.

Given under my hand and seal of office, in the City of Cameron, the 15th day of September, A. D. 1919.

**TEACH YOUR CHILD-
REN APPRECIATION**

(By F. G. B.)

It is a good idea to pay children for some of their services about the home. It stimulates interest, and gives them a feeling of having done something worth while. A child who is constantly being called upon to perform chores is apt to rebel sooner or later unless occasionally he is rewarded with a few coins. It takes a very little to make children happy and to induce them to do better work.

One day a nine-year-old boy overheard his father and a hired man setting a bill for services rendered by the latter. So the next day the boy made out a bill as follows: "Father owes Harry for carrying in wood, twenty-five cents; for driving the cow from the pasture night and morning, fifteen cents; for going to the grocery store, ten cents; for polishing father's shoes, five cents; for knowing my

Sunday School lesson, ten cents—total, sixty-five cents." His father made no comment but the next day he gave his son the following bill: "For taking Harry to the hospital, nothing; for giving him all his clothes, nothing; for giving him plenty to eat, nothing; for being good to him nothing—total, nothing." When the boy read this he sat thinking for a long time, then went to find his father and to tell him that he intended to be a good boy, and that he wanted to cancel the bill he gave him yesterday.

Too many parents do not stop long enough during the busy days to really learn of the sorrows and pleasures of their offspring. They do not teach them each day to appreciate what is being done for them. Children, if handled in the right manner, are easily molded, and it is a parent's duty to guide direct and teach them the worth-while things of life, and while it is sometimes wise to pay them for the many things they do for you, don't forget also to teach them that they owe bills to their parents.

The noblest theory of life resolves itself into one unalterable decision—the strong must help the weak. Either that, or we must enforce the pagan practice and eliminate our weaklings. If they are allowed to exist, they must be cared for. Society already recognizes this alternative in the case of physical weakness worthy of the same protection.

UNSHAKEN TESTIMONY

Time is the test of truth. And Doan's Kidney Pills have stood the test in Cameron. No. Cameron resident who suffers backache, or annoying urinary ills can remain unconvinced by this twice-told testimony. Ask your neighbor.

J. D. Cone, carpenter, 3rd street, Cameron, gave the following statement Feb. 28, 1912: "From the results obtained through using Doan's Kidney Pills, I certainly am warranted, in recommending them highly. I had been troubled for some time with my kidneys. There was a weakness across my back and at times it became very painful. There was an irregularity of the kidney secretions and at times they were profuse in passage and highly colored. Was compelled to lay off work for several days owing to my condition. I was advised to get a good kidney remedy and I procured a box of Doan's Kidney Pills as I had heard they were highly recommended. Through their use I was soon feeling better in every way. I am pleased to endorse this remedy."

OVER SEVEN YEARS LATER, on July 2nd, 1919, Mr. Cone added: "My faith in Doan's Kidney Pills grows stronger as the years go by. Never has Doan's Kidney Pills failed to do for me all that I could wish them to do."

MILK HANDS DRINK MORE MILK
Milk, either sweet or as buttermilk, bids fair to become the favorite soft drink of the factory employee. Dairy specialists, sent out by the Department of Agriculture this year, have been giving talks, in which the value of milk is stressed, to representative groups of workers in various trades.

In Worcester, Mass., short talks on milk as a food have been given in 11 factories. Exhibits have been set up in some of the factories visited by the specialists. After each lecture about 2,000 pamphlets were distributed. In Worcester 14 factories are now selling milk to their employees during the morning or noon hour.

HEALTH IS FAIR IN STORM AREA

Dr. C. W. Goddard, State Health Officer, Reports No Epidemic is Threatened.

While sanitary conditions in the storm swept section of the Texas coast are still bad, no epidemic is threatening and health authorities have hope of being able to clean the territory before health of the survivors is seriously affected, says State Health Officer C. W. Goddard, who returned from Corpus Christi Friday night.

The water supply, sewerage and garbage disposal in Corpus Christi has been taken care of, continued Dr. Goddard, and all animal matter has been disposed of. The food supply is under supervision to insure its healthfulness, and every interest connected with the relief work is co-operating.

Since the storm there have been about 40 cases arising from food contamination, said Dr. Goddard. But for the last two days he was in the city no additional cases were reported. It is thought that a number of these arose from the eating of food that had been submerged, and the State health officer condemned all of this food, which is to be issued for consumption only after a careful examination.

He says that his deputies have been working in the other devastated cities and all of them are now in fairly good shape.

Contributions for relief of Texas Storm sufferers coming to the governor's office, totaled \$105,526 at noon Saturday. Donations since Friday were \$1800.

CHEVROLET

By scientifically safeguarding the quality of every piece of metal that is used in the construction of the Chevrolet valve-in-head motor, uniform efficiency and low operating costs are assured.

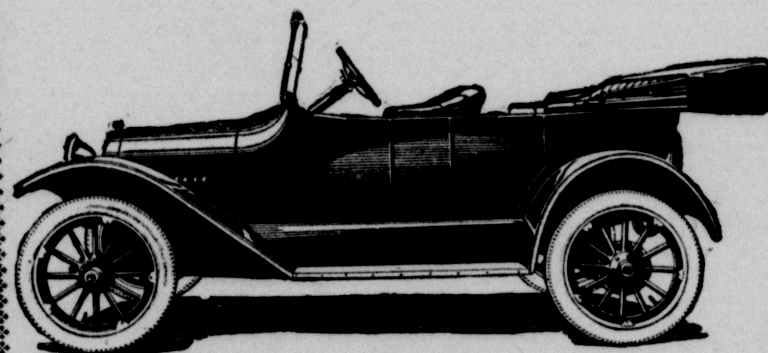

And as the capabilities of the motor are proven before it leaves the factory, the purchaser of a Chevrolet has the certainty of future satisfaction.

Such assurance means much. It means an investment in economical transportation that is safe, certain and adequate for all uses and emergencies. To buy a Chevrolet is to buy a known quantity—a proven quality.

DAVIDSON WANTS COTTON CLASSER

Oklahoma Town Sends Representatives to Government Classifier Here.

(Vernon Record).

F. E. Brown, representing the business men of Davidson, Okla., was in Vernon Saturday to confer with Government Classifier S. H. Johnson with a view to making arrangements for the classing of the cotton raised in that section at the local office.

One of the business men of the Oklahoma town had volunteered to stand sponsor for the handling of the staple for the Davidson farmers and under the plans formulated the samples will be handled by Mr. Johnson through him. A bonded man will, of course, have to look after the matter of sampling and it is likely that the Davidson weigher will have this in charge.

Davidson is the second neighboring town to take advantage of the Vernon cotton classer. Crowell having made the necessary arrangements several days ago. Other towns are expected to avail themselves of the opportunity at an early date.

Mr. Johnson explains that the more towns the local office serves, the easier it will be for him to market the staple. For instance, a representative of one of the large cotton firms comes to him wanting 300 bales of strict middling and on that day he has classed 100 bales each from Vernon, Davidson and Crowell. It is readily apparent that the order can be filled with less trouble than if he had knowledge only of the supply at Vernon.

Harleigh McGregor, Freshman Edit.

Cam-Hi Student Body 98 Per Cent
"Pure Gold."

The character of our student body was clearly shown last Thursday when the circus came to Cameron. It had been announced that school would be turned out in time for all to see the parade and the remainder of the day would be a holiday. So when the in-

formation came Thursday morning that the parade would not begin until 12:30 P. M., the work of our high school went on as though no unusual affair was going on. We find out, however, that two per cent of our high school who were unable to stand the pressure of a dog and pony show, and who were not in possession of any self-control and had to leave school at the morning recess. Such "students" deserve the sincere sympathy of the entire student body and need our help. For any student in school can be excused at any time by the proper authority, if there is any real reason.

How would it do for a freshman to suggest to some of the senior boys that the latter are no longer mere children and should discontinue acting as such?

Cam-Hi Library.

In the high school department the pupils are required in their study of history to refer almost daily to books other than the text. They are required to read certain books during the year as a part of the English course. As there is an average of about 45 pupils in each class, it can readily be seen that many books are needed. Last year the number supplied by the school library was found very insufficient, in fact, so much so that the teachers could not give the necessary reference work. At the present time the eleventh grade is studying "Chaucer's Canterbury Tales," and, on account of the lack of the necessary copies, has been out a week in reading the Prologue. Through the efforts of the superintendent and the Mother's Club, many important books have been added, but many more are yet needed.

It was thought wise to increase the library each year, so the board of education has requested that each year the pupils of the high school bring 50 cents each. The result of this plan will mean about one hundred dollars a year from the high school alone. From this amount, great benefits will be derived. History reference books, which are now so insufficient, can be supplied; parallel reading books can be furnished as well as the supplementary readers for the lower grade. These extra books will be a great help to the pupils, as much more information than the text book contains can be found in the reference books, and a broader knowledge of the subjects can be obtained.

If the books are well cared for, as they certainly will be, in a few years the fee requested yearly will have made a library that would be an asset to any public place.

The pupils this year have responded nobly with their fee. In the high school there are exactly two hundred pupils, and, according to classes, the percentage of those who have paid is as follows: Eighth grade, eighty-one per cent; ninth grade, eighty-seven per cent; tenth grade, seventy-eight per cent; eleventh grade, eighty-four per cent.

Growth of Cam-Hi.

The fact that many families in the neighboring counties are sending their children for school, imprints upon our minds that Cameron is one of the best school centers in this part of the country.

Our high school is very crowded, for in many cases two pupils sit in one desk. To show our increase in school this year, I will give you the new pupils coming from out of town:

Eighth Grade—Eula Angel, Alpha Ashley, Starrett Hickman, Iona Jones, Emma Lihner, Robert Link, W. O. Majors, Bessie Little, Lions McCall, Leonard Mewhinney, Earnest Marsh, Eula Norman, Nolan Robinson, Etta Scarborough, Naomi Whitely, Leonard Yochan, Emily York.

Ninth Grade—Earnest Thompson, William Robert Ancrill, Iva Brewington, Roy Hensley, John Hood, Henry Carleton Ireland, Margarette McCarty, Endale McWilliams, Hubert Mewhinney, Little Joe Mohler, Lucile Scarborough.

Tenth Grade—Irma Harris, Jessie Little, Annette Laird, Robert Massengale, Lynn Ryan, Feister Scarborough, Christine Wallace, Walter Willis.

Eleventh Grade—Phrona Reaves, Ruth Askew, Rossie Crook, Gladys Harris, U. F. Horstmann, Clay Phipps, Howard McDonald, Lavry Pressley, Newton Robinson, and Eleanor Sapp. We are glad indeed to welcome this many new pupils to our school, and assure them that by next year our new high school building will be large enough to accommodate many more.

Freshmen Class Organizes.

The Freshman class of 1919-20 met on Monday September 15th, with their supervisor, Miss Williams. Miss Williams made a short talk and then announced the meeting open for nominations for class officers. After a few days campaign another meeting was called for the election. Passet Watson was elected President, Ralph Joynes, Secretary and Treasurer, and Harleigh McGregor, Editor.

After being said to be one of the best classes while in the grammar grades, this class has determined also to be one of the best classes in high school. There are forty-five enrolled in this class now and besides trying to be one of the best, it also expects to be one of the largest classes.

that ever graduated from the high school.

The Freshmen also expect to take a big interest in athletics. Already they have organized a football team with Eugene Green as captain. They have been practicing every afternoon and expect to play the second team some time this week. There are also some boys in this class who expect to take part in the track work next spring and some girls who will come out for basket ball.

Sophomore Class Election.

President, Mary Joe Harlan; Vice-President, Gladys Posey; Secretary, Margaret McClarty; Treasurer, Lee Tag; Cam-Hi Representative, Joe Mohler.

The Sophomore Class has forty-one pupils and is one of the best classes that ever was in Cam-Hi in class room work especially. There is a great rivalry between the different classes this year, and at present the Sophomores lead the other classes in paying Library fees. All other classes are going to have to work hard to keep up with this class, so watch out, high school.

Weekly Explosives

Furthermore, we wish to state that those talented students who left at recess for the circus probably have more talent than ambition.

It is our idea that either Cam-Hi or Rockdale High will get "licked" Friday. It is easy to guess which.

Some one has said the Seniors are leaders. Which class will be lead in to a party next?

The Cam-Hi widow has returned to join the girls in the matrimonial race. However, she has dropped to third place; two have gone on ahead.

Football Game Friday.

Next Friday afternoon, October 3 war will be waged between Rockdale High and Cam-Hi. It is understood that the H. E. will be the eleven men on each side, and the projectile will be the football. Rockdale will have to stand the mental agonies of a crushing defeat. Come out and make the first game a defeat for Rock-Hi and a great victory for Cam-Hi.

The Progress of The Game.

Hurrah! the season proclaims the reason
We football boys are on the field,
So eager to begin, the games to win,
And our best service to yield.
Every day, in gaudy array,
Out on the campus we appear,
Practicing our game, hoping to win fame,
For the Cameron High School this year.

This coming week we intend to seek
More practice of the play,
That we may learn how we can earn
The championship of each fray.
And accordingly we ask all who wish
to play ball,
To come out each day at four,
And we'll work you enough to make
you quite tough,
And, if you wish, still more.

We football boys are not mere toys,
Or, as some may think, a crowd
fools.
We're boys who try to carry high,
The ideals of the schools.
So all you men who once have been,
A happy football star,
Come encourage the game, help us
win fame,
Both here at home and afar.
—A Football Man.

Catarhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.
We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists. 75c.
F. J. CHENEY & CO., Toledo, O.

MOVING TIME FOR PULLETS

September is moving time for the hens and pullets which must be transferred from the range to their winter quarters as early as possible so as to be acclimated to their cold-weather environments before they begin to lay. Year after year poultry keepers neglect to ship their stock from the summer resorts to winter lodgings early enough, as this is one of the basic principles of best management, according to specialists of the United States Department of Agriculture.

If possible all small tools for the farm should be purchased on one order. This will save time and usually money. Also, it will entail a total expenditure sufficiently large to impress the farmer with the importance of giving systematic care to his small tools.
